## MAINTAIN CONTACT WITH MOON

A Soviet scientist says radio contact is being maintained with Lunik-Three. He says the moon rocket is returning to the region of the earth . . . and will be visible from the Northern Hemisphere with simple optical instruments. Earlier the Soviet News Agency had stopped broadcasting post reports on the Lunik.

## SOMETHING ELSE TO TALK ABOUT

The missile sciences by America's top rockets have given U.S. scientists something to talk about other than Russian Luniks. An Atlas team from Cape Canaveral yesterday, on the West coast a British team fired the Thor from Vandenberg Air Force Base in California.

## ASKS FOR COOPERATION

Russia has asked for international cooperation in space exploration. A Russian delegate to the U.N. proposed a scientific conference to pool space exploration experience. Some observers saw the proposal as a move by Russia to end its boycott of a U.N. space committee begun last year.

## USE OF LAW APPEARS IMMINENT

Use of the Tatt-Hartley law appears imminent in the U.S. steel crisis. The Federal intervention appeared likely after top-level negotiations collapsed in Pittsburgh yesterday. President Eisenhower twice has called on the steel industry to get down to some hard bargaining for the sake of the nation.

## HEARINGS NEARING COMPLETION

A presidential fact-finding board is expected to complete hearings in one day on the seven-day-long dock strike which has crippled U.S. ports from Maine to Texas. Longshoremen and Shippers' representatives will appear before the board today. The special board will report to President Eisenhower on the walkout of 85 thousand men.

## 'AMY' GROWING WEAKER

Typhoon Amy is reported weakening as it buffets Japan. But the storm brought heavy downpours in Japan, and has shipped U.S. planes from Maine to Texas. Amy's winds are whirling at 65-miles-an-hour.

## FACES POSSIBLE 4-YEAR TERM

An out-of-work broadcast engineer faces a possible four-year prison term and two-thousand dollar fine for disrupting a television broadcast of the World Series. Harold Lindquist has been bound over to a circuit court in Escanaba, Michigan, charged with tampering with communications equipment. Lindquist has told police he disrupted a T.V. signal by stuffing a scrounged pad into microwave relay equipment.

## INVESTIGATING THE POSSIBILITY

A Superior, Mich. county is investigating the possibility of claiming payment for a 36-million dollar Quebec estate including the land enclosing the St. Anne de Beaupre Shrine. Mr. and Mrs. Donald Syed said yesterday they discovered that Louis Portlaine, Syed's great-grandfather, had claimed his family owned most of the land around the shrine. They added that Portlaine had established his claim and agreed to settle for 18-million dollars but was killed in a shipping accident in 1913 before he could collect.

## WENT ON WILD SPENDING SPREE

A New York factory clerk who went on a wild spending spree with a Hilton Hotel Carte Blanche credit card—just included a fling in Montreal—is in a New York jail today. Police said Joseph R. Miraglia ran up debts of 10-thousand dollars after writing for and receiving a credit card he said he charged a 600-hundred mink stole for a girl he met in Montreal.

## Lindsay Boy

## Weather outlook

Continued from Page 1  
Police Chief William Weaver said \$51.45 was missing from a drawer in the upstairs office. The chief said he did not know for certain how entry to the building had been gained but during the course of his investigations, he observed marks on a wall at the rear of the building which led him to believe entry could have been gained by placing a ladder against the wall, thereby reaching the roof.

Magistrate R. I. Moore said he would remand the accused in custody for one week before making any decision on the case.

## Little money

Continued from Page 1  
Mrs. W. Murphy, Mr. P. O'Leary, Mr. J. Thomas, Mr. and Mrs. J. McQuarrie, Mr. and G. Pepper, Mrs. H. Hawkins, Mrs. J. Nesbitt, Mr. and Mrs. F. Kirley, Mrs. Rosemary Kirley and Mrs. H. D. Miller.

Flowers were sent by Mr. and Mrs. L. Frost, Mr. and Mrs. B. Chidley, and Mr. and Mrs. G. Bartley. Many beautiful gifts were also received by the couple.

## BANQUET PERMITS

Toronto—(UPI)—The Ontario Liquor License Board has raised the price of banquet permits to five, 10 and 15 dollars from the former two dollar price.

THAT

In the days when horses played a prominent role in everyday living it was always considered essential that they be well shod if they were to perform at their best. Lindsay's Lions Club members feel the same thing holds true of humans . . . A well shod man can stand on his own two feet much better than one who is not. Cliff Lundy of Woodville is the man they chose this month to test their theory. He is the shoes-of-the-month man.

Some people take coffee breaks and then turn right around and drink tea . . . others take a coffee break and drink milk or fruit juice or some other kind of juice but it took a man down in Waterloo, Iowa to establish the fact that some times a coffee break entails more than the cost of a cup of your favorite coffee break beverage. A United Press dispatch records the incident:

"The town of Waterloo, Iowa, is without garbage and sewer service . . . thanks to one coffee break too many. Street Department employees have gone on strike because Vince Massena was suspended 10 days without pay. It seems Massena had stood by for coffee and was taken by a Street Department Superintendent."

The question arises: "Who met who's Waterloo?" There's one less orphan in Lindsay today thanks to the New Royal Hotel. A few days ago an item appeared in this paper indicating that one team in the Industrial Bowling League was virtually orphaned. . . . It had no sponsor. The new manager of the hotel heard about the situation and in no time flat the team was removed from the orphanage. Al Gordon of Burlington, La., says he's very pleased with the way the whole thing worked out . . . "We take in orphans," he explained, "but we try to find homes for them as quickly as possible."

Rev. R. Hart is reported to be enjoying the unexpected pleasure of a trip to Rome, birthplace of the Roman Catholic Church. Father Hart is attached to St. Mary's parish.

# HERE TOMORROW

The beautiful Pontiac Meteor 2-door sedan—most of Pontiac's first cars.

# THE EVENTFUL

# FRONTENAC

It's an event—Canada's new trim-size six-passenger car is here!

This is the new car event you've been waiting for! Beautiful—and roomy, too—the trim new Pontiac Meteor is built to own. Whether you choose standard manual shift, or lively new automatic, your Pontiac will be fun to drive . . . and truly economical. Until you actually ride in its six-passenger roomy body, you appreciate its quick response and safe, sure stopping power . . . and start saving every mile you drive. You just can't know how altogether eventful the Pontiac Meteor is. See it at your Meteor dealer's office.

Chassis features: Mastercraft air conditioned seats (on some models), optional air seats and an optional. Chosen from two-door or four-door models at your Meteor-Mercury-Pontiac Dealer tomorrow!

**Reginald Dart**  
Mr. Reginald Dart inside of Haliburton (P.N.S.) — The funeral service for the late Mr. Reginald Dart was held on Wednesday, September 23, at the United Church where Rev. Mr. McDonald

Minden preached the service assisted by Rev. Mr. Arncliffe. The late Mr. Dart was born in Haliburton and spent all his life here except for a short period of time spent at England. The late Mr. Dart was in the bakery business since he was quite young and became widely known and honored by all. He was very popular in the business section of the village and his friendly ways endeared him to all who came in contact with him.

Mr. Dart was in a Toronto hospital a month, then at Lindsay where he passed away. He had passed the three score years and ten, up until two years ago he enjoyed very good health.

The home of Mr. Robert Brohm where the body rested was filled with flowers and were sent by those who loved him, and friends to the family. Many messages of sympathy were sent from far and near.

Besides his loving wife Margaret he is survived by one daughter Pauline (Mrs. Robert Brohm) three sons, Bert who has just arrived home from Germany, Donald F. Dart of Lindsay, Jack of Oshawa.

The funeral was large and the late Mr. Dart was laid to rest in the Evergreen Cemetery, Haliburton.

Baskets of pink and white gladioli and ferns formed the church parlours. The bride's mother receiving her guests in a beige nylon lace and net dress with white accessories and wore a corsage of pink roses. She was assisted by the groom's mother in a line embroidered organza sheath dress with beige accessories and a corsage of yellow roses.

For travelling the bride wore a pale blue embroidered organza sheath dress with matching duster and white accessories and wore the groom's gift of pearls and a corsage of pink roses. She was assisted by the groom's mother in a line embroidered organza sheath dress with beige accessories and a corsage of yellow roses.

Guests at the wedding were from Oshawa, Peterboro, Coldwater, Bradford, Little Britain, Oakwood, Cannington and Manilla.

Revised official Miss Nancy Anne Davidson, singing "The Lord's Prayer" and during the signing of the register "Oh Perfect Love."

Given in marriage by her father, the bride looked lovely in a floor-length gown of French chintilly lace, the neckline being outlined with seed pearls and sequins, the veil of French lace was held in place by a halo of seeded pearls and sequins. She carried a white bible with cascade of red roses and Stephanotis.

Miss Marilyn Chidley was maid of honour for her sister and bridesmaids were Gwendolyn Anne Wilson, sister of the groom and Mrs. Allan Tremere. The maid of honour was gown in a white length gown of pale blue nylon lace and net over taffeta. The bridesmaids Anne and Audrey were dressed alike in pink nylon lace, net over taffeta. All carried corsages of pink gladioli and blue corn flowers.

Mr. Don Johnston was best man for the groom while usher were Allen Tremere and Wayne Wilson, brother of the groom.

**Wilson-Chidley**  
**Wedding Pretty Event**

Shown here following their marriage in Queen Street United Church is Mr. and Mrs. Glenn Harvey Wilson. Mr. Wilson is the former Catherine Joan Emily Chidley, daughter of Mr. and Mrs. Bruce Chidley, Lindsay. The groom is the son of Mr. and Mrs. Harvey Wilson of Manilla.

The reception was held at the church parlours. The bride's mother receiving her guests in a beige nylon lace and net dress with white accessories and wore a corsage of pink roses. She was assisted by the groom's mother in a line embroidered organza sheath dress with beige accessories and a corsage of yellow roses.

For travelling the bride wore a pale blue embroidered organza sheath dress with matching duster and white accessories and wore the groom's gift of pearls and a corsage of pink roses. She was assisted by the groom's mother in a line embroidered organza sheath dress with beige accessories and a corsage of yellow roses.

Guests at the wedding were from Oshawa, Peterboro, Coldwater, Bradford, Little Britain, Oakwood, Cannington and Manilla.

**TAKE NOTICE THAT**

- The Council of the Corporation of the Town of Lindsay intends to construct as local improvements the following works, namely:
  - (a) Sidewalk on the east side of Cambridge Street South from Russell Street northward, a distance of 145 feet.
  - (b) Sanitary Sewer on Blythe Street, running westerly from Adelaide Street, a distance of 474.5 feet.
- And intends to specially assess part of the cost of such work upon the lands abutting directly upon the said works.

Estimated cost of work of Corporation	To be paid by ratepayers	Number of lots	Estimated per lot	Estimated per annum
(a) \$1,077.50	\$87.80	423	15	41.80
(b) \$126.00	\$24.30	123	20	20.70

Application will be made by the Corporation to the Ontario Municipal Board for its approval of the undertaking of the said works and any order made within 30 days after the first publication of this notice, may with the Board's objection to the work being undertaken.

The said Board may approve of the said work being undertaken, upon the condition that it may appoint a time and place where any objections to the said work will be considered.

Dated at Lindsay, Oct. 8th, 1959.

W. E. Aisley,  
Clerk and Treasurer,  
Town of Lindsay.

(News for week ending Oct 3)  
Related congratulations to Mr. and Mrs. Norman Kerr (nee Nancy Dainard of Peterboro) on their recent marriage. The Kerrs will reside in Peterboro where Norman is employed by the Warren Paving Construction Co.

A speedy convalescence to the Miss Adelaide Page who is hospitalized in Peterborough following a bout with asthma. Glad to report Mr. C. E. Robinson is showing improvement in health.

Mr. and Mrs. Frank Glasbergen and family, Peter, George, Frank, Jr., Case and Johnny entertained their many Dutch friends at a I. O. O. F. Hall on Saturday evening on the occasion of their 25th wedding anniversary. Attesting to the popularity of the couple some 100 people sat down to the festive board and laid tribute to the happy occasion. We had a very enjoyable evening. We were impressed particularly with their ability to draw on their own devices and talents to create a full evenings entertainment, the trouble taking to ensure in a good time despite our liturgical handicap, and the spontaneous zest with which they concluded the evenings entertainment well before the Sabbath day with our National Anthem and "O Canada" sung in a spirit that left no doubt as to their devotion and loyalty to this their newly adopted country.

The bride and groom of yesterday were the recipients of many useful or ornamental gifts including a christening suite from their children, a floor polisher, set of dishes, table lamps, etc.

Nearly every Yelvertonian enjoyed at least one day at Lindsay Exhibition this year.

(News for week ending Oct. 3)  
Thursday night saw the  
opening of the card party  
at the Parish Hall, spon-  
sored by the W.A. of St. George's  
Anglican Church. There  
were eight tables of progressive  
evening with the ladies prizes  
going to Mrs. G. Fowler and  
Mrs. W. Archer, and Mr. F.  
Middleton and Mr. Bedford  
holding the men's high tick-  
ets. Their next party was an-  
nounced.  
Blackstock United Church  
Explorer Girls opened the  
fall term with a wicker roast  
at the fair grounds on Sat-  
urday afternoon.  
Retiring leader Mrs. Bull  
and this year's leaders Mrs.  
P. Romeril and Mrs. R. Van  
Camp were present. Songs  
were led by Linda Kye. Mar-  
garet Carnahan and Mrs.  
Van Camp. A brief worship  
period was enjoyed under the  
leadership of Mrs. Romeril.  
Hodges and "Songs" were  
eaten around the fire. The  
afternoon closed with games  
suggested by Linda Bull.  
Nancy Thorsell, Elizabeth  
Dannell, Sharon Larmer  
and Mrs. Bull. It was de-  
cided to meet Saturday af-  
ternoon from 2.30 to 4 at the  
home of Mrs. Richard Van  
Camp. Girls between the ages  
of 9 and 11 years are wel-  
come.  
Mrs. Fred Doyes visited Mrs.  
Ed Farrow, Oshawa, Monday.  
Mr. and Mrs. Richard Van

**W.I. plans Anniversary Celebration**

The September meeting of the North Ops W. I. was held at the home of Mrs. Lloyd Thurston with a large attend-  
ance. Mrs. Burns opened the  
meeting with the usual open-  
ing exercises. The minutes of  
the July meeting were read  
and approved. Correspond-  
ence was dealt with and a let-  
ter from the re-

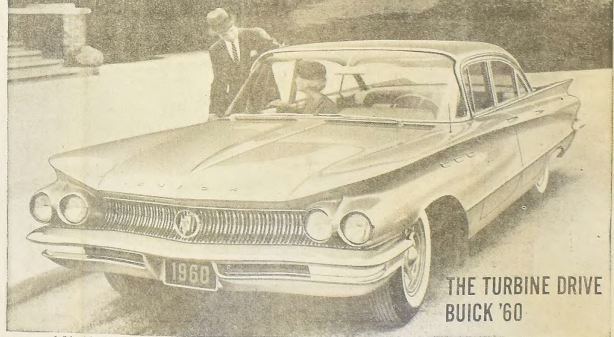

ceiving Home Economist, Miss  
Frances Lampman. Another  
letter from the Reabro W. I.  
asking the North Ops branch  
to join them in their short  
course "Something to wear."  
It was decided not to have a  
local leaders training school  
this year.  
Mrs. Lloyd Thurston, Mrs. H.  
Moore and Mrs. Hardy were a  
committee named to enquire  
about accommodation and  
costs for an Institute Anniver-  
sary celebration. Mrs. George  
Wilson and Mrs. Elmer Ken-  
nedy were appointed to see a-  
bout reservations for a rum-

mage sale or bazaar and bake  
sale at a later date.  
Mrs. Stanley Wallace, Con-  
vener for the meeting gave a  
paper on "The Meat Packing  
Industry."  
Readings were given by Mrs.  
E. Kennedy, Mrs. Moore and  
Mrs. Bell.  
Mrs. Geo. Clarke won the  
prize for having the closest an-  
niversary. Mrs. Burns won the  
lucky cup prize.  
Mrs. S. Currie reminded  
the members of the donations  
of Historical articles for Lind-  
say's Museum, also urged the  
members to remind their chil-  
dren of the Farm History Essay.  
Mrs. Sampson moved a vote  
of thanks to Mrs. Thurston  
and the meeting closed with  
the Queen and Grace.  
Refreshments were served by  
the hostess and her committee.

**Announcement**

Mr. Charles World, Manager, East Central Region, The Consumers' Gas Company, announces the appointment of Allan Emmond as area manager for Peterborough and Lindsay, effective October 1. He will be responsible for all operations of the company in both communities.  
Mr. Emmond, who joined Consumers' in 1947 as a fitter's helper, became first class fitter in 1951 and a year and a half later took on the additional duties of instructor.  
After experience in the mechanical department he became manager at Lindsay in June, 1955.  
Married, he has a family of three boys.  
Mr. Emmond saw 2 years' service with the R.C.A.P. as air crew during World War II.  
During his period of service in Lindsay he has been an active member of the Kiwanis Club.

**PRESENTING FOR 1960...BUICK'S ALL-TIME BEST**

A car with major advances in transmission, suspension, brakes, and engines which are Buick's alone today  
A solid, substantial car • A car of superb comfort, quiet, reliability • A car you should drive soon.

**NEW COMFORT, QUIETNESS AND QUALITY**  
Does this open wider—easier to get in and out. Family interior. Seats that are higher, more deeply cushioned, and repositioned to provide more room for your legs. Perhaps the quietest running car in its class. Buick's unique torque drive and oil automatically, as light conditions require. All-new colors and fabrics. Richer appointments.  
**NEW INTERIOR DECOR AND CONVENIENCE**  
An entirely new "Motorhome" instrument panel. It lets the driver see speed, gas gauge, and other necessary readings at a glance in one place. It also lets him see his oil level. And a new exclusive safety feature—the "Twilight Sentinel"—that turns headlights on and off automatically, as light conditions require. All-new colors and fabrics. Richer appointments.  
**OUTSTANDING PERFORMANCE WITH ECONOMY**  
1. Buick's Exclusive Turbine Drive Transmission—jet-action, responds faster, more economically than ever. No gears ever shift while the car is in motion.  
2. Buick's Exclusive Air-Flow Aluminum Drum Brakes—found on no other Canadian car. Pre-cooled drums force more air for faster cooling. Fast cooling means better stopping, longer brake life. Speeded up.  
3. Buick's Exclusive Wildcat Engine gives high efficiency with high economy. A 1960 Buick performance on regular grade fuels.

## Sheep Raising in Prince Edward Island Scottish Sheep Steal Show

The sheep industry in Prince Edward Island while small on quantity, (approximately 31,000 last year) is big on quality with North Country Cheviots becoming increasingly popular in the past decade. Twenty-four ewes and

4 rams were brought over from Scotland in 1950 and today there are 150 purchased Cheviots — not nearly enough to meet the tremendous demand for them as breeding stock from other parts of Canada and the United States.

Eight-year-old Sharon Stewart hugs a yearling Cheviot at her father's farm near Charlottetown. Stock from the Stewart farm has taken grand champion prizes for the past 2 years at Toronto's Royal Winter Fair.

Spinner Earl Stewart is literally all wool and a yard wide, as he gathers up an armful of Cheviot-Oxford blend for processing at one of the Island's two mills.

National Film Board of Canada Photos by Ethel Lund.

## Mr. Jeffery Sprague

Special Representative of  
Sieglar of Canada

WILL BE AT  
EATON'S in Lindsay

on Friday,  
October 9th

Special Representative of  
Sieglar of Canada

Be sure to see him... No obligation! Mr. Sprague is exceptionally well qualified to discuss heating requirements. Perhaps you have some heating problems... perhaps he can solve them efficiently and economically! Don't delay. See him this Friday, October 9th without obligation.

## FACTS for FARMERS

Some news of special interest  
to our Farm subscribers

**Farming's Future.** The Canadian Broadcasting Corporation says every farmer faces the problem of change. It says technical advances and new marketing methods call for new knowledge, new expenditures, expanded production programs — and that it's almost impossible for the individual farmer to keep pace, although he must try to keep up with the changes that are at the root of many of his problems.

All this is said in view of the C.B.C.'s National Farm Radio Forum — a joint project of the Canadian Federation of Agriculture, the Canadian Association of Adult Education, and the C.B.C. Broadcasts are heard through C.B.C. and privately-owned stations making up the National Broadcasting System.

The C.B.C. says "adjustment" is the watchword — the key to farming's future — and this year's programs attempt to show how the problems caused by these changes may best be met by farmers.

The C.B.C. suggests how individual farmers can form a Farm Forum. It advises he invite a few of his neighbours in for a Monday evening and to ask a member of a nearby Forum, or a fieldman, to help with the meeting.

It says a secretary should be selected for the season. Then the meeting should follow the suggested Farm Forum Program for the evening... read the Farm Forum Guide, listen to the broadcast, discuss the questions raised by those at the meeting, and the day discovered should finally be re-

ported to the Provincial Farm Forum Secretary.

The Provincial Secretary will help make the conclusions effective. The topics for some of the coming programs are "The Small Farm — A Special Case"... And "Market Expansion — A Practical Possibility."

There will be a special January series dealing with the central theme of adjustment.

Later in the year there will be programs about "Farm Advertising"... "Price Spreads Commission Findings"... "The Dangers of Farming"... And "The Relationship of Consumer and Farmer."

The latest estimate of Canada's apple crop is 14-million, 901-thousand bushels.

There is a drop of 12 per cent from last year's production, Nova Scotia produced two-point-one million bushels, New Brunswick 425-thousand bushels, Quebec four-million, Ontario four-point-one million, and British Columbia four-point-three million.

E. S. Eaton — an economist of the Canada Department of Agriculture — says the predicted crop will be about three per cent below the 1954 to 1956 average production.

## Sparks Of Wisdom

Laughing  
 That laughter which marks which is purchased by the sacrifice of decency and propriety.

## Editorial

A few weeks ago there was quite a discussion about noise, none in that instance being the crowing of roosters early in the morning. . . . And what other time would be a noisier crowd?

But to stick to the subject at hand. . . . The person who complained about the fact that chickens were kept next door to her felt that the early morning crowing of a rooster (maybe two) was detrimental to her health. It may well be that some people are more sensitive to noise than others and it therefore behooves the others to restrict themselves and to manage their property and chattels, as to be without offense to their neighbor.

This, we believe, is a reasonable test. Do you agree?

Assuming that your answer to the foregoing question is in the affirmative, isn't it time a spot was put to the civilized form of barbarism which is indulged in after many wedding in Lindsay, namely, horn-blowing? Has marriage deteriorated to the point that it is something to blow about, or is it still a solemn undertaking between two people—for life—which should be treated with solemnity and not frivolity?

## Matters of special interest

## IN SIGHT — IN MIND

Motorists on Ontario highways during the past few months may have wondered why all those police cars were parked close to the pavement. What they may have noticed was that the presence of those cars, out in the open and visible for long stretches of highway, made the drivers ease up on speed. Even when they were driving under the legal limit, the tendency was to slow down a bit when the police car came into view. This was exactly what Ontario's Attorney General, Hon. A. Keith Roberts, C.C., figured out when he instituted the new system of police highway patrol. It's a simple method: patrol cars park close to the highway for 10 minutes every hour, then patrol the rest of the hour. The parked cars, located in full sight of all highway traffic, invariably slow the general traffic speed. When conditions were such that the legal limit was too high—snow, ice, wet pavement, fog and so on—the parked policeman waved down the cars travelling at a rate he knew could be dangerous, sounding his horn to attract the drivers' attention, and motioning for a reduction in speed.

Larry Perks, writing in "Civil Administration" was the new patrol system, quotes Sgt. Robert McKie of the Ontario Provincial Police as saying, "Speeding has been reduced by the presence of our cars, and this has reduced the number of accidents and their seriousness. As a result the system was frequent use of, and, and periodic safety checks."

## Turning Back The Calendar

WEDNESDAY, OCTOBER 14

Herbert McPhoe narrowly escaped serious injury the date 25 years ago, when he jumped from a moving elevator. In the Benson House.

He had been on the third floor of the hotel, leading the service elevator with papers that the hotel was giving to the local scout troop for their paper collection. After loading the elevator, he then jumped on himself.

The elevator being overloaded and the brakes held on too good, started to lower. As it gained speed, the young man jumped from the second and third floors, he struck the wall with his head and landed heavily on his arm.

He was rushed to the hospital where he was treated. He suffered a badly bruised arm and cuts about the face.

## Arteriosclerosis Diagnosed

## Is Managed in Several Ways

During these last few years, arteriosclerosis has superseded Tuberculosis as a household word. Many persons are talking about it because of its relationship to such common conditions as stroke, coronary disease, high blood pressure and kidney disease. Nevertheless there are still many questions about arteriosclerosis coming in. For example:

Dear Dr. Steiner: Your Doctor has just told me that my husband has arteriosclerosis. He is only 55. I have been wondering how the diagnosis is made. My husband feels perfectly all right, has no complaints. We found out about the hardening of his arteries when he went in for a yearly physical check-up. I shall appreciate any information. Mrs. S., S. Miami, Fla.

ANSWER: First, may I suggest that you read the expression: "hardening of the arteries." To me that phrase is loaded with imminent doom to the patient. You can just visualize arteries "bursting all over the place."

Why not say that his arteries are "not as elastic as they used to be." But I suppose you are more interested in having your question answered than getting a dissertation on "medical philosophy."

The diagnosis is made in many ways. (And remember that calendar age itself is not advanced arteriosclerosis in some patients at 30 than in others at 60.)

If the patient has diabetes or a low thyroid metabolism the doctor will want especially to rule out arteriosclerosis. He will take blood cholesterol readings and repeat basal metabolism tests or protein bound iodine examinations.

If the blood sugar is high, if cholesterol is above normal and the basal readings are low, then the doctor will be suspicious of some patients at 30 than in others at 60.

For example, let me give you the positive findings in a recent patient that established your diagnosis of arteriosclerosis. He is a business man of 62 who has been having dizzy spells. His blood sugar is normal and his thyroid is all right, but he has other positive evidence of trouble in his arteries.

Ophthalmologic examination of his eye grounds shows by direct view that the tiny blood vessels are abnormal (they are twisted and tortuous). Besides there are some small hemorrhages which some collections in the retina itself that are welcome.

On these findings alone, a doctor would be justified in saying that his patient was suffering from arteriosclerosis (changes in the smaller blood vessels). But this patient has other supportive findings.

He has albumin in his urine with casts. His electrocardiogram indicates trouble in the circulation of his coronary arteries. His blood cholesterol is high. X-ray of his heart shows some enlargement plus calcification in his aorta. His blood pressure is above normal.

This man has almost all the diagnostic criteria. Mrs. S. S. As for your husband, he may have only one or two of these findings. Perhaps some slight

OUR BOARDING HOUSE

With Major Hoople

## James L. McGann

James L. McGann, who died Wednesday, Sept. 30, there passed peacefully away at his home, a highly respected citizen of Kilmartin, in the person of Mr. James L. McGann, after an illness of several months in his 70th year.

He was a lifelong resident of this district and was the son of Mr. John McGann and Mrs. Mary McGann, both of whom predeceased him several years ago. In 1916, he married Myrtle Perren and they celebrated their 40th wedding anniversary on June 5th.

Funeral services will be held on Friday, Oct. 2, in St. Patrick's Roman Catholic Church, with Father Jay officiating.

He leaves to mourn his passing, his loving wife, who nursed him during the early months of his illness, also four sons, William, who is employed at Scarboro, Leo of Whistler, Ralph of Burnt River, and Joe at home. Also two daughters, Doreen (Mrs. Russell Walker) of Whistler, and Mary (Mrs. J. Mahon) Penelon Falls. He was also 14 grandchildren. He was predeceased by three brothers, Geo. William and John and two sisters, Margaret (Mrs. W. Henderson) and Mary (Mrs. J. Ritchie) Church, both of Kilmartin.

Palbearers were his two sons, William and Leo, Russell Walker (father-in-law), Garnet Gardner, Harvey Gardner and Wes Bold.

The beautiful floral pieces bore silent testimony of the high esteem in which the deceased was held.

Interment was in St. Patrick's Cemetery at Kilmartin.

## Salvation Army Home League

The theme for last Wednesday's meeting was Thanksgiving, with 18 ladies present, and Mrs. Capt. Stevens in the chair. After the opening hymn, Mrs. Stevens read a list of all present united their hearts in prayer as Mrs. Wex. Cared in a prayer of thanksgiving. The Scripture Ps. 135:1 was read by Mrs. C. W. Sidle and everyone joined in singing "Count Your Blessings."

Mrs. C. Carr read a poem on "Thanksgiving," which told of being thankful for things such as having a floor to sweep, a roof over one's head, etc. The lively everyday things we take for granted. Following the singing of chorus "Thank You Lord for Saving My Soul," Mrs. Elsie Langley gave an appropriate reading on "Thanksgiving Sunday."

After singing of the theme song, Mrs. Emily Langley gave the devotionals period with prayer.

Everyone again enjoyed the showing of the films hurried to show cases of accidents in the home.

A period of lively discussion of a paper by Mrs. C. Coombs and Mrs. A. Langley, with Mrs. A. Subbings assisting with serving. Mrs. Linklater making tea brought to a close a very enjoyable meeting.

Next week we expect to be doing work for our bazaar.

Change in his electrocardiogram and some calcification in his aorta. Whatever his doctor has almost all the diagnostic criteria that he made the diagnosis early.

(Released by The Bell Syndicate, Inc.)

By Dudley Fisher.

### Hostess for WI Mrs. Wakelin

Cobocook (PNS)—The Sep-  
tember meeting of the Coboc-  
cook W.I. was held at the  
home of Mrs. Grant Wakelin  
with some 19 members pres-  
ent. Mrs. Bert Bryant, the  
president presiding.

The meeting opened by  
singing the Ode, and repeat-  
ing the Mary Stewart Collect  
and the Lord's Prayer. The  
roll call was answered by  
"Something I Admire in  
Grandmothers." The minutes  
of the last meeting were read  
and approved and the treas-  
urer's report given.

The area convention, to be  
held in November at the Royal  
York Hotel, Toronto was dis-  
cussed. Mrs. Eric Thompson  
will be the delegate to the  
convention and Mrs. Dorothy  
at alternate delegate.

Mrs. Peter Bradmore thought  
of Mrs. Charles Bowin and  
Mrs. Ellen Woodcock for the  
work they done on the quilt.  
Also a vote of thanks was  
made to Mrs. Nevada Moore  
for aprons she had made and  
to Mrs. Joe Bradmore for  
her work.

Mrs. Arnold Wakelin moved  
that Mrs. Chas. Bowin be  
made material for quilt. This  
was seconded by Mrs. Lloyd  
Williamson.

It was moved by Mrs. L.  
Wilkinson that the binges be  
continued providing we do not  
go into debt, seconded by Mrs.  
P. Bradmore. Mrs. L. Wil-  
kinson suggested that the  
ladies have a turkey dinner  
and also invite the Norland  
Women's Institute.

Mrs. G. McGinnis moved  
that Mrs. M. Cooke be con-  
vener and appoint her own  
committee to make the neces-  
sary plans for the dinner. Mrs.  
Grant Wakelin seconded the  
motion.

Since this was "Grandmoth-  
er's Meeting" prizes were  
awarded as follows: oldest  
grandmother was Mrs. Fred  
Russell; youngest grandmoth-  
er, Mrs. Chas. Bowin; young-  
est grandchild, Mrs. William  
Watson; oldest grandchildren  
a tie, Mrs. F. Russell and Mrs.  
Joe Bradmore; the most  
ladies, Mrs. Bryant thanked  
Mrs. Wakelin for opening her  
home.

The meeting adjourned by  
singing "The Queen" and a  
social half hour was spent  
over the teasers.

### Premier will open plowing match at Dundas

Dundas, Ont.—(UPI)—The  
1969 International Plowing  
Match for top plowmen from  
Canada and the United States  
opens at Dundas, Ontario, to-  
day.

The premier Little Frost of On-  
tario, will officially open the  
match this afternoon on the  
farm of R. B. Hannah and  
his neighbours. The 46th an-  
nual match is sponsored by the  
Plowman's Association of On-  
tario in co-operation with the  
Ontario Department of Agri-  
culture.

The arena convention, to be  
held in November at the Royal  
York Hotel, Toronto was dis-  
cussed. Mrs. Eric Thompson  
will be the delegate to the  
convention and Mrs. Dorothy  
at alternate delegate.

### Dance held in honor of Newlows

Mount Horsh (PNS)—Ras-  
boro Community Hall was the  
scene for a very enjoyable eve-  
ning when about a hundred  
and fifty friends and neigh-  
bours gathered to honor Mr.  
and Mrs. Graham Lloyd Arch-  
er on their recent marriage. The  
Square and round dancing was  
enjoyed to the music of Letty  
Williams and his boys.

Nearing midnight Joe and  
Eleanor were called to the plat-  
form and Dave Wagstaff read  
the address wishing Joe and  
Eleanor a bright and prosper-  
ous married life. Ted Panning  
then presented the happy cou-  
ple with a well filled purse as  
a token of the esteem in which  
they are held by the neighbours  
and friends. All joined in sing-  
ing "For They Are Jolly Good  
Fellows."

Joe and Eleanor thanked  
every one for their thought-  
fulness and gift and asked one  
and all to call on them in their  
home in Lindsay.

### WA Plan Bazaar and Supper

Pleasant Point (PNS)—The  
October meeting of Pleasant  
Point, Mariposa, was held at  
the home of Mrs. T.  
A. Venner.

Mrs. Lawrence Nicholls was  
leader for the devotional pe-  
riod and also read the topic  
"Power and Deeds." Mrs. Ven-  
ner read the Bible lesson—  
Ephesians 3: 7-21. Two poems  
were read. "Keeping Thank-  
sgiving" by Mrs. Lawrence  
Nicholls and "The October Hills"  
by Mrs. H. Foster. After pray-  
er and a hymn there was a  
short business session. A let-  
ter was read from Rev. Cobb,  
acknowledging a letter of sym-  
pathy sent to him. Rev. Cobb  
is to conduct the Sunday ser-  
vices October 18.

Donations for the bazaar  
from Lindsay merchants were  
brought in for inspection,  
and a number of articles made  
by the ladies were also on  
display. The committees in  
charge of the bazaar and sup-  
per are to be the same as last  
year. Mrs. Geo. Starr of Lit-  
tle Britain will show pictures  
the same evening as the bazaar.

There was considerable dis-  
cussion regarding the propo-  
sed amalgamation of the WMS  
and the W.A. It was felt that  
more definite information  
should be obtainable, especially  
in regard to financial ar-  
rangements.

After the meeting lunch was  
served by Mrs. Lawrence Nich-  
olls and Mrs. Venner.

### Dunsford

Dunsford (PNS)—The Sep-  
tember meeting of the W.M.S.  
was held at the home of Mrs.  
Geo. Kennedy, Kennedy's Bay.  
The meeting was opened by  
the president with the call to  
worship and the singing of  
hymn 488 followed by prayer.  
The scripture, 1 Cor. Chap. 3  
was read by Miss Bernice  
Thurston. Secretary's report  
given and accepted as read.  
Roll call was answered with  
13 ladies present. Treasurer's

## Facts For Farmers

### Record High

Grain stocks in the world's  
four major exporting countries  
hit a record high last July first.  
Preliminary estimates indicate  
total stocks of 153-million  
short tons for the five major  
grains in Canada, the United  
States, Australia and Argen-  
tina. The grains are wheat,  
corn, rye, barley and oats.

The July first stock is 12  
per cent above the level one  
year earlier, setting a new  
record for the seventh straight  
year. A considerable part of  
the sharp increase is due to  
record carryover stocks of  
wheat and corn in the U.S.

### Something New

Something new in the way  
of Auction Sales—at least as  
far as the Truro, Nova Scotia  
Livestock Auction Market is  
concerned—is promised to be  
the sale of draft horses sched-  
uled for next Thursday.

Dr. L. B. Nettleton, an official  
in connection with the auc-  
tion, says that if the event is a  
success, it might very well be-  
come an annual event and could  
even lead to a similar sale in  
the spring.

A livestock sale held at  
Truro recently was quite suc-  
cessful, with entries including  
some attractive cattle in the  
dairy section and the usual  
strong entry of calves.

report given by Mrs. Eria  
Thurston.

Moved by Mrs. Walter Brian  
seconded by Mrs. Eria Thur-  
ston that we make Miss I. M.  
Laidley a life member of our  
society.

Community Friendship Sec-  
retary, Mrs. Frank Thurston,  
sent one get well card and  
one sympathy card, five sick  
calls were reported.  
Mrs. Greer opened the new  
Study Book on "Africa Dis-  
tributed." Prayer followed.  
Hymn 388 was sung. Mrs. F.  
Thurston thanked Mrs. Ken-  
nedy for her home and all who  
took part. Meeting closed  
with prayer by the president,  
Mrs. Delmar Thurston and  
lunch was served by the host-  
ess and her helpers.

## Novel Interior Layout Feature Of Large Three-Bedroom Bungalow

Designed by M. G. Dixon, of  
Shaw, this large three-bedroom  
bungalow is particularly unique  
as an interior lot. A striking feature  
of the plan is the spacious, centrally-  
located living room which con-  
tains a fireplace, a large window  
looking out onto the garden, and  
a master bedroom has the convenience  
of a second bathroom. The  
bathroom wing, following the slope of  
the roof, there is space in the base-  
ment for a future garage. The  
bungalow will be a future project.  
The house, known as Design  
177, may be obtained from Central  
Mortgage and Housing Corporation  
at minimum cost.

**Council Briefs**  
The Committee Chairman Harry Pearce told Council on Monday that a meeting would be held shortly with regard to the present sprinkler alarm system in operation here.

The chairman revealed it was proposed to install a new control board of lights at another spot in the firehall, so that more industries may take advantage of this service.

Councillor Ted Eckhart gave details of the forthcoming LODA meeting being held in Port-Borough later this month. All members of Council were asked to attend.

# Pitt Polder Prospers

Reclamation of marshland finds new homes in Pitt Polder, began back in 1911 but it was not until 1910 when a Dutch businessman, Mr. J. Blom, visited the site on his way to Vancouver, that the project began in earnest.

Mr. and Mrs. G. Tedorichorst, who come from the district near Arnhem, arrived in Canada from Holland 71 years ago. Above, they pose with their 3 children in front of the big, aluminum-roofed barn on their prosperous farm. In addition to dairying, the land is used to grow a variety of vegetables, rye and oats.

There is a thriving Dutch settlement in the Lower Fraser Valley near the Pitt River where an industrious group of engineers and farmers are building dykes and creating polders. Today, approximately 3000 acres of marsh land have been reclaimed, of which about 2000 acres are under cultivation. Above, wooden-shed children fish for trout in one of the many creeks which flow through the rich farmland.

Eight dairy farms are now in operation. Each farmer owns from 40 to 50 milk cows. The lush pasture-lands produce top quality products in abundance.

Children of one of the Dutch farmers discover that their wooden boat made on skids, built as they play in the placid waters of Sturgeon Slough which flows by their home.

Under the direction of Dutch civil engineers, pumping equipment, with a capacity of 80,000 gallons of water per minute, has been installed.

## Father and Son Held for Big Haul

big haul from service station

### Peterborough Man Being Sought for Questioning

Police Chief John Hunter revealed on Tuesday a farm or Peterborough man is being sought for questioning in connection with the recent theft of Howard Black's Service Station Lindsay, S.E.

The thief disclosed that a 1958 red truck license number 70017C stolen from the service station Friday evening is still missing.

The cash register containing \$87.20 batteries; 11 cartons

of cigarettes; a case of 24 tires of motor oil and 20 tires were taken by thieves who entered the premises Friday evening, between 8:30 and 11:30.

Police Constable William Bowes on patrol in the Lindsay Street South area, discovered the theft was the second from the premises in 24 hours. The previous evening four tires were stolen from the service station.

### two-car mishap at Cameron

Howard Simpson of Willowdale and Mr. B. Goyner of Hamilton were the operators of vehicles in collision at Cameron Saturday afternoon. Police said damage to the vehicles was estimated at \$500. There were no personal injuries sustained as a result of the accident.

### New Lead?

It was disclosed by Police Chief John Hunter, this morning that a man arrested in Toronto this morning allegedly in connection with the theft of spark plugs from Peterborough would be questioned with regard to similar thefts.

There have been two thefts of spark plugs from Lindsay premises recently. Walkwood Ltd. and Peterborough Automotive Supply Ltd. were both informed reported that they had stolen to any thing in his house. The investigation that was in town was a friend of his wife overheard that the man.

### Two Chimney Fires Here

Lindsay Fire Department personnel have summoned two small chimney fires from the following weekend.

A plugged chimney is blamed for an outbreak Monday at the residence of Mr. and Mrs. A. Blair, 8 Regent Street.

Fire Chief Arnold Watson said leaves plugging the chimney had caused smoke to back up.

Friday night a chimney fire at the residence of D. Bedford, 234 Kent St. West, caused minor damage to the chimney.

### four dead in Michigan house fire

A mother and her three children have died in a fire at their home in Pontiac, Michigan.

Authorities say the father was burned and injured in the blaze as he leaped out a window. He is reported to be in fair condition at a hospital.

Firemen say the father apparently started when the father was pouring oil into a space burner.

### Oshawa Man Dislocated Shoulder At Lake

Mr. Reuben Young, 55, of 518 King St., Oshawa, was discharged from the Ross Memorial Hospital Monday, after being detained following an accident at the lake.

It is reported that Mr. Young fell while getting his boat from the water and sustained a dislocated left shoulder.

### POLICE VISITS SCHOOL

On Friday, October 9th, Constable Murray of the Brechin Detachment of the Ontario Provincial Police called at Stenderford Public School in the interests of the Safety Branch of his work. He showed two films entitled "Mouths, Eyes, Ears, and Little Lids." Unfortunately having no auditorium the enrolment of the school was held in the hall. The films, one in the new school and one in the old school,

### May Have Suffered Seizure . . . Police

Vernon Miller Harnden, 57, father of three children was killed Tuesday afternoon when the rear wheels of a gravel truck passed over him.

The tragedy occurred early Monday afternoon when a gravel truck belonging to W. A. McEwaine, 28, of Halliburton, was delivering gravel to Harnden's cottage at Kennedy Lake.

Police Constable Harold Kennedy of the OPP detachment at Halliburton, told "The Post" Mr. Harnden stepped behind the truck. "It is possible,"

### Hair-Raising Experience

As a result he gets annoyed at his children and seems unable to give genuine sympathy to them really need it. L.M. adds: "The main reason for pouring out my woes to you is this. In my heart, I don't believe that any doctor who sees only the body and not the man behind the body, will be able to help my husband. A big don't crumble from just day-caring overnight. It takes years. The same with my husband. I feel he needs help and understanding. Don't you?"

COMMENT: Fortunately he has an important source of understanding: you. Next, seek out a family doctor who can find the time to listen to your husband patiently and discover "the man behind the body."

He is worth the trouble. A big don't crumble from just day-caring overnight. It takes years. The same with my husband. I feel he needs help and understanding. Don't you?"

### Big Day for Kiwanis Cavaliers

Saturday, October 17th will be a big day for Lindsay's Kiwanis Cavaliers. On this day they enter their first marching and manoeuvre contest at Picton.

For over three weeks now the band have been holding extensive practice sessions in the town of Picton.

ANSWER: Nothing will take the place of diet. Tell him he's a bad boy.

Until you get him thinking straight, you might ask your doctor if he has had any experience with prescribing nicotinic acid for high cholesterol. It often brings the level down.

In most patients this medicine causes flushes, which usually disappears after the patient has been taking nicotinic acid for about a week. Some have itching, nausea, vomiting, diarrhea. Usually, however, the patient can take this treatment without discomfort.

Applause to an actor is bread and butter. Praise for Author's Effort is His Cake.

They say that applause is like a bad actor. No matter how much you applaud, it doesn't make him any better.

I think the same is true of a book. No matter how much you praise it, it doesn't make it any better.

Lately, I have been receiving many requests from readers of this column to explain what I mean by "Stop Killing Yourself." So I have decided to do so.

It is impossible that a normal person will actually do things that shorten his life.

I think the simplest way for me to convince the doubters is to list the chapter headings from my book, "How To Stop Killing Yourself." It is published by Wilfred F. Goodrich, New York City. If interested you can order it through your book store.

Or, borrow a copy from your public library. Here the Chapter headings:

Self-preservation versus self-destruction. 2. Each kills himself in his Own Fashion. 3. Suicide by Self-Deception. 4. Suicide by Self-Deception. 5. Hypochondria Lay Longer. 6. Fear of Death. 7. Fear of Death. 8. Fear of Death. 9. Fear of Death. 10. Fear of Death. 11. Fear of Death. 12. Fear of Death. 13. Fear of Death. 14. Fear of Death. 15. Fear of Death. 16. Fear of Death. 17. ### HOW TO CONTROL HOUSE CRICKETS

Crickets are exasperating. They sneak into your house. They keep you awake nights. They damage woolens, silk, cotton, and other fabrics. And who can find them? The house cricket is pale brown and about three-quarters of an inch long. Few homeowners know this, because the pest has the knack of finding "heard but not seen." As soon as the weather cools down, the cricket leaves the garden and sets up shop in your house, where it may remain active for a whole winter. It lays its eggs in cracks and crevices. There is only one generation each year.

What about that infernal chirping? For sake of interest, the song of the cricket is produced by the male rubbing together the outer part of wings. Night-time is his favourite time for his long friends.

Light sleepers and those concerned with the welfare of their household might be interested in the various measures advised by the Ontario Department of Agriculture, applied to the cricket as a pest spray or as a 5 per cent dust. Direct the material in spots near any warm location where the crickets may be hiding.

### HALIBUT

## Mary Wickett

Mary, entered into rest on Sept. 9th, 1959, at the Spruce Lawn Private Hospital, Lindsay.

A widely known and respected citizen, Mrs. Wickett was born in Mariposa township, 12th Concession on May 11, 1875. She was one of seven children, daughter of the late Mr. and Mrs. Peter Anderson. She attended Brown school, and in 1893 she married Frank Wickett. They took up farming on 14th concession in Mariposa where they lived until the passing of Mr. Wickett in 1939.

While residing here she was a faithful member and endorser of all that went for her as a neighbour and friend by her many acts of kindness and pleasant personality.

In 1939 Mrs. Wickett moved to Lindsay where she lived for 6 years.

In 1948 she moved to Lindsay, later taking up residence on 14 Henry St. where she resided until her death.

She was a faithful attendant at Canadian Presbyterian Church and Women's Association.

She was the beloved mother of Alice (Mrs. Tom Henderson), Florence (Mrs. J. J. Henderson), and the beloved sister of Alice (Mrs. Bagshaw), Lindsay, Carrie (Mrs. E. J. Bailey) San Diego, Calif., Lavina (Mrs. MacDougall) Spokane, Washington, Elsie and Lorrie and Jennie (Mrs. Wm. Anderson).

She died at her home, 14 Henry St., on September 9th, 1959, at the age of 84 years. She was buried in the cemetery at Lindsay.

## "A MAN'S THOUGHTS MUST ALWAYS FOLLOW HIS EMPLOYMENT"

(Ashbury name below)

The practice of pharmacy changed greatly with the passing of time. In the past ten years, more than 100 new prescriptions were written before then. In order to keep up with this amazing progress we must constantly study new medical and pharmacy reports. We must learn the dosage and properties of a physician may specify. All this requires a constant thought and we are glad to report that we can fill any prescription, written by any doctor, even one from another country.

YOUR PHYSICIAN CAN PHONE FA 4-3311 WHEN YOU NEED A MEDICINE

Pick up your prescription if shipping near us, or if you need a medicine without extra charge. A great many people entrust us with their prescriptions. We may compound yours?

# Glad to see town's vacant land being built on - - Planning Board

## Broadacre-greenhouse contract

### Housing Projects here given board's blessing

Lindsay-Op Planning Board is glad to see vacant areas within the town's limits being built up.

This point was brought out during a discussion on a proposal from T.A. Wilson Lumber Co. to erect a number of homes on vacant land in the Pottington area.

The board has just given its approval to a similar proposal from Mr. Harvey Jewell of St. David Street and looked with favor on the Wilson application.

Some of the comments were: "I think it's a good thing families move."

#### Vice-president says:

**Not even tentative date set for Schultz industry beginning operations here**

Not even a tentative date for here that Lindsay's newest Vice-President E. W. Sanger to which was the weather, and a great deal of money.

On Friday that many factors were involved, not the least of which was the weather, and a great deal of money.

Mr. Sanger was in Lindsay, Ontario, conferring with the company's chief engineer, Mr. F. M. Bond.

### Cambray plowman wins five special awards in county match

Ken Shuggett, 15, son of Mr. and Mrs. Bert Shuggett, one of the best plowmen in the county, won five special awards in the Victoria County Plowing club match held near Cambray, using a three-furrowed hydraulic plow.

Other special awards and their winners were:

Toronto-Dominion Bank trophy, won by Mr. W. J. Hurdston, Lindsay; Best plowman in the county, won by Mr. Morgan Smith, Manager; Best plowman in the county, won by Mr. Morgan Smith, Manager.

The gold watch, the special award of the Canadian Plowmen's Association, presented to Mr. Morgan Smith, Manager.

#### Free Goods

People who go to fairs find the reason is rapidly drawing to a close always seem to be expecting to get something for nothing. It often happens that they get nothing for something but that's beside the point. Some of the people who took part in the free draws sponsored by the Lindsay and District Labour Council at Lindsay Place really did get something for nothing. They entered the draw and if their entry was chosen, they got one of several things which ran the gamut from shirts to milk. Shows above during one of the free draws which were made, are left, right, Malcolm Stevens, Henry Nokes, and Mrs. Harold Hopkins, the latter being a field representative of the Ontario Farm Union whose home is at Biddow.

It often happens that they get nothing for something but that's beside the point. Some of the people who took part in the free draws sponsored by the Lindsay and District Labour Council at Lindsay Place really did get something for nothing. They entered the draw and if their entry was chosen, they got one of several things which ran the gamut from shirts to milk. Shows above during one of the free draws which were made, are left, right, Malcolm Stevens, Henry Nokes, and Mrs. Harold Hopkins, the latter being a field representative of the Ontario Farm Union whose home is at Biddow.

### Water Board invests in short-term bonds

It was revealed at last week's meeting of the Lindsay Board of Water Commissioners that the \$5,000 of the money still to be paid to Salem Engineering, contractors for the new water filtration plant, has been used to purchase quick term bonds.

### Everything "full steam ahead" in "Hello Showboat" - - George Z.

Producer George Zarfas says, everything is "full steam ahead" in connection with his latest Lindsay production "Hello Showboat."

Being produced for, and participated in, by many Kiwanians, the show is the second production of the year, which was successfully staged here several years ago. When that show played here, it drew capacity houses for four days and five nights, its producer recalled. The new version will feature three new characters.

Forty people showed up for the first rehearsal which was held a few days ago and Mr. Zarfas says the facilities at the Recreation Centre are adequate for the show's needs.

One unfortunate development has occurred since the 1958 production was staged at Lindsay. . . . Mrs. Kay Cook, the woman who has been planned for many of the Kiwanis show shows, was taken ill. Fortunately, however, she has recovered to the point where she can perform.

Plowed Land using Massey-Ferguson equipment, by a competitor under 21 years of age.

### Will officially open new water plant early in the coming spring

Lindsay's new water filtration plant on Mary Street, will be officially opened early next spring. This was revealed at Thursday night's meeting of the Board of Water Commissioners.

Chairman Maurice Collins said a suggestion that an "open house" be arranged in connection with the official opening was a good idea. "It will provide citizens with the opportunity of seeing their new plant in operation."

Commissioner Duncan Sinclair said he would like to pay tribute to the work of Board

Members. Barry McLeod, the presentation held in Janetville C.O.F. hall on Saturday evening, in honour of Mrs. Mrs. Wm. Stuckie (nee Noreen Argue) now living in Oshawa.

The evening was pleasantly passed in dancing with music supplied by local musicians. Mr. Earl Warwick performed the duties of M.C.

Mrs. Elma Archer read the congratulatory address and the presentation was made by Gilbert McGill, a purse of money.

Congratulations to Mr. Mrs. Barry McLeod, who were married last Saturday.

News for week ending Oct. 31. Congratulations to Mr. Mrs. Douglas Hickson on the birth of a son.

Mr. and Mrs. Horne Olmstead of Miss Bessie Hickson, of Ilton were guests for a few days of Mrs. Georgina Burns.

Mrs. Wells and children and Mrs. Barry of Lindsay spent Sunday with the Earl Warvicks. Pleased to hear Mr. Albert

from the hospital, much improved we hope.

Mr. and Mrs. Ross Pollock received word recently of the death of his uncle Mr. Turner in Toronto.

Mr. G. Gates spent several days last week with his friend, Mr. Hildon Johnston, also on Sunday with the Johnstons.

Mr. and Mrs. Roy Pennington, Elizabeths of Toronto and Mr. John Lamerant of Kingston.

The success of the Venture of the W.A. at the track back at Lindsay fair was due in great part to the co-operation of all the W.A. appreciates the support they have received from all quarters.

The Robin Malcoms of Peterborough, visited with his parents the Rine Malcoms.

Mr. and Mrs. Langton Capstick called upon his father Mr. J. Capstick, on their return home to Harrow, Ont. from Vancouver where they visited with their brother, Mr. and Mrs. Bryce Capstick of Lad.

needed the Executive of Unit 3 on their splendid efforts in arranging such a course.

A workshop period was held at the Lindsay Art Society, expressing their interest and creating objects were made by the teachers.

### New Era of Good Relations

The formal signing of a new contract between Lindsay Brake Shoe Co. Ltd., Lindsay, and the United Steelworkers of America took place on Friday afternoon.

Works Manager Gerard D. Connolly confirmed the signing of the agreement following a meeting which was held in the company's offices this afternoon.

Mr. Connolly said he had high hopes that the finalization of the agreement and its signing would mark the beginning of a new era in company-employee relations. He held "The Post" the company was endeavouring to do all possible to promote the interests of its staff.

GENERALISATIONS The Viking age can be thought of as that period that began about 800 and 1100 A.D. It must be supposed Scandinavia at that time were Vikings - any more than that all the inhabitants of Elizabethan England were pirates. That, in effect, was what these Vikings were: in Swedish, Irenahen all 1666 p their name in Viking - sea rovers, from the "vik" or bay around the Nordic coast.

— Trevor Williams.

water board that the cost of the installation of the line had been based on the cost of a six-inch service. It was also stated that a hydrant costing approximately \$400 had also been installed in the area. No charge had been made for this equipment it was revealed.

On suggestion of Chairman Macmillan, Collins and Board Supt. R. Reynolds, the board will send a letter to the Board of a new ten-inch water line to service the new extension to which the commission is prepared to make the bill an even \$1,000.

## Guest Speaker

The September meeting of Queen Street Evening Auxiliary of W. M. S. was held in the basement auditorium of the Church on Tuesday at 8:15 p.m. with a good number in attendance. The president Mrs. O. McGill, called the meeting to order with the singing of hymn No. 249, Jesus Shall Reign, followed by the W. M. S. pledges. Mrs. McGill welcomed all present with a special welcome to Mrs. C. Jarvis of Toronto and the ladies of the Afternoon Auxiliary.

A short business period followed during which Mr. H. G. Lester explained the Sector Plan to those present. Mrs. E. Thurston and Mrs. A. Clarke were appointed to represent the Evening Auxiliary on the Proposal committee of the Sector Plan.

Reports of the various secretaries were received. The Supply secretary asked that good used clothing be brought in the October meeting to be packed for the Missionary Bait.

Mrs. Ross McGill led the Devotional Period opening with Hymn 20. Mrs. Harvey read the Scripture, prayer was given by Mrs. A. Huston. The offering was received and dedicated. Hymn 538 was then sung.

Mrs. W. V. Ferguson introduced the guest speaker, Mrs. C. Jarvis, recently retired Christian Stewardship Secretary of the Dominion Board of the W. M. S. Mrs. Jarvis spoke of Stewardship, our overseas and home missions. She also gave us much information about our Dominion Board and Thurston in charge in Mrs. Jarvis' absence.

## Smoking, cancer are related but not proven as causative, doctor tells Gil-Mar group

"There is evidence that lung cancer and smoking are related, but there is no evidence that smoking causes cancer," stated Dr. A. J. Phillips, addressing a workshop conference of the Canadian Cancer Society Oct. Division District.

Dr. Phillips, Statistician of the National Cancer Institute, told his audience of over 100 people that there was no evidence that smoking causes cancer although there was evidence that smoking and lung cancer are related.

The speaker asked his audience the question, "Does education of the public really save lives?" Dr. Phillips said in his opinion the answer to that question was "yes." Giving facts and figures to support this, he said that in 1930, 30 per cent of the persons suffering cancer of the breast were cured, that figure is now over 50 per cent now it was revealed.

Other studies noted in battle of the great killer was that in 1930 in persistent hoarseness cases 44 per cent of the patients were cured now that figure is well over 50 per cent.

Found thanked Mrs. Jarvis on behalf of those present for her inspiring talk.

The meeting closed with benediction.

A delicious and attractive lunch was served by Mrs. G. Henry's group with Mrs. E. Thurston in charge in Mrs. Jarvis' absence.

The audience was reminded by the doctor that medical scientists and doctors still know little about what actually causes cancer.

The cancer research picture in Canada is changing rapidly," said Dr. Phillips, the speaker went on to relate that over one million dollars is now spent yearly on this work.

The greatest killer is still stomach cancer, revealed the doctor, who noted that 22,000 citizens of Canada died from the dreaded disease last year. Asked by "The Post" reporter to comment on the possibility of cancer being caused by atom bomb tests, the doctor said many tests had been conducted in this field and it had been established the chances of this being a factor were zero.

On the agenda for the one-day workshop were sessions on campaign, education, extension, medical advisory, publicity, women's services and treasures.

## John Murchison

Mr. John Colin Murchison entered into rest at the Ontario Hospital Whitby on September 30th, 1950, at the age of 71. He had suffered for the past eight months from a brain tumor.

Mr. Murchison was born and educated in Fenelon Township. He was married in 1916 in Lindsay and continued farming in the Glenora dis-

"THE POST", LINDSEY, ONTARIO, WEDNESDAY, OCTOBER 14TH, 1950

## THE LITTLE WOMAN

"It's the most marvelous, wonderful book! I'm going to read it over and over again."

script until 1949. The last lived in the Whitby district for the past 10 years.

Son of the late Mr. D. J. Murchison and Janet Mackay, he was the beloved husband of Margaret Sarah (Slater) and loving father of Marjorie (Mrs. P. Dewell), Toronto and Kenneth, also of Toronto. Grandfather of two grandchildren and dear brother of Flora (Mrs. Harvey Cope) Fenelon Falls; Christina (Mrs. W. Shea) Burnaby, B.C. and Mae (Mrs. D. Slagle) Detroit, U.S.A.

He was a member of the United Church at Whitby and a member of Spy Lodge A.F. & A.M. Fenelon Falls.

A funeral service was held at the Town Funeral Home in Whitby on Friday evening at 8:30 p.m., and another service was conducted at the M. J. Haverty, Dan Tolmie, Gilbert, Stoddart Funeral Home at Collin, Dan and Charlie McWoodville, on Saturday, October 14th, 1950.

## WELSH PROPRIETY

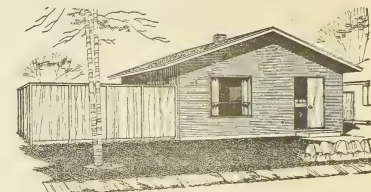

Long after the local beaches were littered with ladies clad in bikinis and far more revealing costumes than anything depicted in the Glynafon Art Gallery, the Customs continued to group their Nudes in a special room where they might be studied by the student with less inconvenience to the General Public."

—Wynford Vaughan Thomas

her 3rd, 1950, at 1:30 p.m. The officiating clergyman at both services was Rev. J. Smith, of Whitby. Interment was at the Presbyterian Cemetery, Woodville.

Funeral services were held at the Presbyterian Cemetery, Woodville, on Saturday, October 14th, 1950.

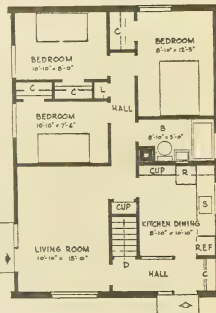

## Good Basic Bungalow Plan Provides Economical Living Accommodation

Where cost is an important consideration, this modest three-room bungalow is worthy of consideration. All drains and extras have been eliminated but the design provides good basic living accommodation.

Of frame and block veneer construction, the house is particularly suited to a narrow lot with the entrance led to ample and private access to the kitchen and bathroom stairs as well as the living room. Conveniently divided, the basement has a large area suitable for a future recreation room. There is plenty of cupboard and counter space in the kitchen which also contains a dining area.

The total floor area is 832 square feet and the exterior dimensions are 33 feet by 24 feet, four inches. Working drawings for the house, known as Design 289, are available from Central Mortgage and Housing Corporation at minimum cost.

**Play, fiddler, play**  
The crew aboard a Belleville-Toronto passenger train had to jump for their lives this morning when the train collided with a propane-laden transport. The train was coming into Peterborough on its circuitous route to Toronto via Lindsay when the accident occurred. Seconds after the collision, flame engulfed the diesel engine and the propane gas truck. Railway officials say there was no explosion as such, just enveloping flames which burned for several hours and destroyed both the train's engine and the truck. Crewmen aboard the train helped to safety. Conductor Leslie Lee of Toronto, Engineer Jack Cochran and Fireman Robt. Hope, both of Lindsay. The driver of the propane-carrying transport didn't make it to safety. He was hospitalized at Peterborough with what was described as third degree burns to scalp, face, neck and both hands, second degree burns to both legs. The truck driver is Jack Scott of Milton. His condition is described as serious. He is 31 years of age and married. The time of the accident was 8:18 a.m. DST and the fire was not out by 11 a.m. Fall appears to be here to stay but let us not forget that summer is coming again... Indian summer, that is... Some say an elephant never forgets. Some cats do a very nice job of remembering too. One particularly scholarly cat, from the standpoint of memory work at least, always remembers to look 'ah' by six or seven time he goes west and refuses to make itself agreeable until someone in the house gives him a towel. And he usually manages to get it. It's an entirely different story if his lord and master arrives home and finds the towel is gone. He, poor guy, is accused of not having sense enough to come in out of the rain.

**Noticed along the way**  
The driver of the propane-carrying transport didn't make it to safety. He was hospitalized at Peterborough with what was described as third degree burns to scalp, face, neck and both hands, second degree burns to both legs. The truck driver is Jack Scott of Milton. He, poor guy, is accused of not having sense enough to come in out of the rain.

**Premier Frost scotches additional by-pass yarns**  
Premier Leslie M. Frost scotched persistent reports to the effect that a new highway route was contemplated on Lindsay's northern outskirts. Mr. Frost said any talk of another east-west by-pass road was probably just talk because it would entail another bridging of the Scugog River and that was a half-million-dollar undertaking in itself. In a word, Mr. Frost discounted the reports as being just that, reports without foundation.

**Lindsay host to visitor from London**  
Mayor Lloyd Burrows and Industrial Chairman Mel DeGroat were hosts to a visitor from Ontario House, London, Eng., today. The party was accompanied by Regional Manager Don Kingdon, Lake Ontario Development Association, of Peterborough. Mr. Richard R. Stapleford, Trade and Industrial Commissioner, Ontario Government, Ontario House, London, spent about two hours in Lindsay this morning obtaining first-hand information for use by his office. The party was accompanied by Regional Manager Don Kingdon, Lake Ontario Development Association, of Peterborough.

**Cancer Society unit here names nominating committee**  
A nominating committee has been named by the Victoria County unit of the Canadian Cancer Society. Mrs. F. S. Moore, president, Col. Moore noted, six active cancer cases are being supported with dressings by the Victoria officers for election at the annual meeting on Nov. 4th. The Sir Sam Hughes Branch Ladies Auxiliary here has been taking an active interest in the unit, the president dearest guest at the meet- clared.

**Hark, there's an engine yonder!**  
The southwest corner of off at Canada's Arsenal Ltd., through no fault of his own, continued to operate a small, visiting business which he started for security reasons years ago. Some of the reports reportedly claim that it's a very noisy business and would like to see it shut down so he could quietly draw into employment insurance and help under the house.

**How to Re-Pot House Plants**

Stop for a minute and look at your favourite house plant. What a size! Now lower your eyes to the pot. A thimble, it's time to re-pot.

Here's when you should re-pot, say specialists with the Ontario Department of Agriculture.

When the plant is too large for the pot - the roots have become cramped.

When the soil has become sour - the plant is unhealthy.

When the soil nutrients have been used up.

Now that you are going to shift your plant to a larger pot, make sure to use coarser and richer soil than you would for seedlings and cuttings. When dumping the plant out of the old pot, be especially careful not to let the plant fall, thereby damaging it. Tap the old pot gently on its rim and keep your fingers over the soil.

Remove a layer of soil from the top of the plant after it has been loosened from the old pot. Add soil on all sides of the plant, firming the soil.

FOR OVER 20 YRS.

## Plan donation for Port Perry Hospital

Blackstock (PNS) — There were twenty-two ladies and four children present at the September meeting of the Women's Association held at the home of Mrs. Frank Butt. After the opening exercises the business session consisted on appointing committees for bazaar, new Sunday School room, donation to Port Perry Hospital Auxiliary, decoration of church for Thanksgiving.

Treasurer was asked to pay for new mirror for the choir. Next roll call will be followed by a contribution of white raffle for cancer drawings. Mrs. Shortridge gave the devotion and stressed our lack of appreciation of the every day things of life. Only as we sense the value of these things do we really live for Him. Mrs. Shortridge offered prayer.

Mrs. Butt had charge of program which was a film of scenes of the Channel Islands. Mr. Rommerli gave a short talk on the conditions of living in the Channel Islands during the German occupation and compared them to the present day. Mr. Rommerli dismissed the meeting and Mrs. Butt and her group served lunch.

## Shirley Davis Bride of Harold C. Smith

Kingway United Church, Ottawa, was the setting for the wedding of Miss Shirley Davis, daughter of Mr. and Mrs. Money Davis of Toronto, and Mrs. Harold C. Smith, son of Mr. and Mrs. Elwood Smith of Lindsay.

Rev. Frank R. Harbeck, officiated. Mr. John Clark was organist and Mr. Earl Crowe was soloist.

Mr. Davis gave his daughter in marriage and she was attended by Miss Diane Tucker as maid of honour and Miss Norma Mallon as bridesmaid.

Mr. John Smith was best man for his brother and the ushers were Mr. David Menard and Mr. Stuart Calvert.

The bride wore a balletina length gown of white French lace over blush pink tulle with short sleeves, a neckline rounded at the front and extending into a "V" at the back and a blush pink tulle bow at the waistline.

An elegant sequin petal headband held her matching shoulder length veil of tulle illusion and she carried a cascade bouquet of white carnations and stephanotis. She wore a single strand necklace of pearls and pearls earrings, a gift of the bridegroom.

The maid of honour wore a straight gown of white tulle and the bridesmaid wore a periwinkle blue. The carried bouquets of pink roses and white chrysanthemums.

Following a reception in the church hall, Mr. and Mrs. Smith left on a wedding trip to New York and Virginia Beach. They will reside in Ottawa.

Going away the bride wore a cornflower blue wool suit with a silver grey milk anklet and a matching blue hat, navy blue accessories and a cascade of white carnations.

## Queen St. WA

The October meeting of the Queen St. W.A. was held in the church parlour on Tuesday afternoon with a good attendance.

The president, Mrs. W. Parkin was in the chair and opened the meeting with a Thanksgiving poem followed by a hymn and prayer.

Mrs. Parkin extended a welcome to all with a special welcome to several members who had been absent for some time owing to illness. She also expressed hearty congratulations and best wishes to Mrs. Truax, 2nd vice president and Mr. Truax on the occasion of their 25th wedding anniversary.

Mrs. Truax presided for the devotional period which was in keeping with Thanksgiving. Following the singing of the hymn "Love Divine All Love Excelling" and the reading of the scripture lesson from Ephesians 3: 7-21. Mrs. Cross read an appropriate article on "Thanksgiving".

Mrs. Farris and Mrs. Chisholm sang a most appreciated duet entitled "Listening at the Heart's Door" accompanied by Dr. Gail who was pianist for the day. Mrs. Truax spoke briefly on the theme "Thanksgiving is Thanksgiving" and closed the devotions with a hymn and prayer.

The secretary, Mrs. Ted Quibell read the minutes of the previous meeting which were approved as read and 23 members answered the roll call.

Mrs. Davy, the treasurer, gave a most gratifying financial report which included proceeds from several wedding luncheons and dinners.

Miss Sadie Arksey, the correspondence secretary, reported sending many "Get Well" and "Sympathy" cards and thank you notes from Mrs. Spence Sr., Mrs. Hazel Van Volkenberg, Mr. and Mrs. M. Linen, Mr. Barlow, Mrs. H. Gibson, Mrs. Watley, Mrs.

THE PRESS, LINDSAY, ONTARIO, WEDNESDAY, OCTOBER 21ST, 1963

Miss Dagmar Rouibek of Montreal, admires the new 21-inch television set specifically designed to hang on the wall. This set—claimed to be the first of its kind—was one of the fascinating exhibits to be seen at the 1959 Radio Show held recently at Earl's Court, London.

Slimmer sets, with a new variety of styles, were a feature of this show. With the advent of the 110 degree tube, receivers have at last lost their boxy shape and can be produced as transportable sets.

McAllister, Mrs. McCurvie and Mrs. J. McGilley.

Plans were made for the W.A. rally of group three to be held in Queen St. Church, the lunch committee to be Mrs. Cross, Mrs. P. Mark, Mrs. Culbert, Mrs. Deacon, Mrs. G. Jewell, Mrs. Dack, Mrs. M. Brown and Mrs. Armstrong. Final plans were also made for the annual bazaar in November. Mrs. Cross and Mrs. Leslie who comprise the decorating committee requested that it be known as "The Christmas Tree" bazaar and according to the brief intimations the whole affair will be different and all are looking forward to it with eager and curious anticipation.

Mrs. A. Thurston and Mrs. M. Armstrong were appointed co-convenors of the dining room.

It was decided to run a dinner in the local paper for a week prior to the event. Sincere regret at the departure of another valued member in the person of Mrs. H. Gibson, a former secretary was expressed by the president and members who find the office without her so capably filled are difficult to replace.

Arrangements were made to serve several turkey dinners including the Sector banquet, the Visking banquet in December and the Public School Teachers and School Board banquet as soon as the date can be arranged.

Mrs. Parkin extended a vote of thanks to those assisting with the meeting which closed with a hymn and the benediction.

Driving at 70 m.p.h. on the highway instead of 50 m.p.h. wastes about one gallon of gas in every four, notes the Ontario Safety League. One of the expiring things about going into Court on a speeding charge is that it costs plenty to get there, even before the fine.

**GIANT VALUES AT  
MIDGET PRICES**

**Adams says "Thank you"...**

Tomorrow (Thursday, October 22nd), ADAMS says thank you for your wonderful patronage in the past 78 years. How can we best say it? By inviting you, your family, your friends to a good old-fashioned Circus Carnival at truly good old-fashioned LOW prices. Yes! tomorrow, right in the heart of down-town, the good old-fashioned Circus Carnival comes to ADAMS with a show of furniture and appliance bargains so vast, so exciting, it will undoubtedly change the way the whole town lives. A show that will turn back the clock to the gaily, the colour, the excitement and charm of a good old-fashioned Carnival, with good-old fashioned LOW prices. A show so vast that only ADAMS, Ontario's Largest Home Furnishers, buying in trailloads for more than 22 branches throughout Ontario, could bring you right in your local store. Yes, the ADAMS Furniture store in your city is part of this GIANT of the furniture business, bringing you trailloads of Bargains at Savings that will st-t-r-e-t-c-h your dollars in a way to put the Indian runner man to shame. So come one, come all to celebrate with us tomorrow, when the ringmaster blows his whistle and the band strikes up to herald the Greater Value Show on Earth... ADAMS' Carnival of Bargains. You'll love the Giant Savings... you'll love every nostalgic minute of it and your children will enjoy it too, with the many FREE Gifts, the Clowns, the FREE Refreshments, FREE Admission... no waiting, it's a continuous show of Bargains, daily!

## OBITUARY

### Elizabeth Magee

Mrs. Elizabeth Magee, of R.  
R. 2, Onemee, died in Civic  
Hospital, Friday, after a short  
illness. She was in her 80th  
year.

Daughter of the late John  
Elliott and Elizabeth Jackson,  
she had resided in Emily all  
of her life.

She leaves to mourn her loss  
her husband, Walter. One  
daughter (Mildred) Mrs. Nor-  
man McEain and three grand-  
children, of Peterborough.  
Service was held from the  
Cromack Parlors on Monday,  
with Rev. R. S. Mansfield, of-  
ficiating and interment was in  
Emily Cemetery.

For more than 50 years Mrs.  
Magee had been the faithful  
organist of St. John's Anglican  
Church, East Emily.

Britain's newest sports car, the entirely  
new 100-m.p.h.-plus Sunbeam Alpine, has  
been announced by Rover Motors (Can-  
ada) Ltd. Descendant of a long line of  
famous cars of the Sunbeam name, the  
Alpine is powered by a 1.5 litre engine,  
with excellent holding qualities which

exceptional control. Pat Kay demon-  
strates her appreciation of the convertible  
model, which carries a suggested retail  
price of \$2,995 at eastern port of entry.  
The Alpine is also available in a hardtop  
model.

## Presentation Held In Honor of Newlyweds

Valentia (PNS)—A presenta-  
tion was held at the Valentia  
School on Friday evening in  
honor of Mr. and Mrs. Doug-  
las Muddock (nee Dawn Har-  
grave) who were married re-  
cently at Lindsay.

The early part of the even-  
ing was spent in dancing to  
the music of the Gilson fam-  
ily, with Mr. Wesley Stokes  
calling off.

About 11 o'clock Douglas  
and his bride were asked to  
take the chairs at the front  
of the room when Mr. Kenneth  
Mark read the address and  
the gift of an occasional chair  
was presented by Mr. Joe Co-  
kerill. Dawn and Douglas both

made a reply in a few well  
chosen words and invited all  
their Valentia friends to visit  
them at their home on Bond  
St., Lindsay, when ever con-  
venient. "For They Are Jolly  
Good Fellows" was sung, af-  
ter which several viewed the beau-  
tiful chair they had received.  
Lunch was served and all  
spent a friendly and social  
time together, all left for  
home wishing Douglas and  
Dawn much joy and happi-  
ness.

## Dunsford

Mr. and Mrs. J. D. Elliott of  
Elliott Lake visited with Mr.  
and Mrs. Robert Elliott and  
also with Mr. and Mrs. Wal-  
lace Thurston over the week-  
end.

Mr. and Mrs. Donald Ken-  
nedy of Toronto spent the  
weekend at their cottage at  
Kennedy's Bay.

Mr. and Mrs. Jack Thur-  
ston and Mr. and Mrs. Bill  
and Mr. and Mrs. Bill  
Thurston, were guests at the  
O'Leary and Lee wedding at  
Downington on Saturday.

Master Paul Moore of Oak-  
wood visited his friend, Ron-  
nie Elliott over the weekend.

Mrs. George Kennedy is in  
Civic Hospital, Peterborough,  
where she underwent surgery.  
Her friends wish her well.

Mrs. Laurence Kennedy,  
Larry and Donna visited her

sister and husband, Mr. and  
Mrs. Wilson of Lindsay, on  
Sunday.

Mr. and Mrs. Nelson Atwell  
were visitors to Lindsay last  
week.

Mr. and Mrs. Fred Hardy of  
Toronto have moved into the  
house formerly owned by Mr.  
and Mrs. Rankin Thurston.

## If You're TIRED ALL THE TIME

Now and then everybody gets a  
"tiredness" feeling, and they are  
bothered by headaches, nervous  
feeling, irritability, just a general  
condition caused by excess irritability  
or better described, that's the time to  
take Duff's Kidney Pills. Duff's Kid-  
ney Pills will relieve the tiredness  
condition which may often cause back-  
ache and tired feeling. Then you feel  
better, rest better, work better. Get  
Duff's Kidney Pills now. Look for the  
blue box with the red seal at all drug  
stores. You can depend on Duff's.

**COOLING SYSTEM  
CONDITIONER**

PERMA-FILL is made exclusively for Canadian Tire  
by the largest manufacturer of Ethylene Glycol

Double-Trouble Protection  
Complete "drip-free" protection, plus  
freedom from rust and power-robbing scale  
and corrosion. PERMA-FILL gives more bene-  
fit than you'd expect from any anti-freeze,  
thanks to the "built-in" Cooling System Con-  
ditioner — it lubricates the water pump, it  
is kind to hoses and gaskets, can't harm the  
car finish. PERMA-FILL never needs testing —  
stays permanently up to full strength, all  
winter long.

## ON THE SKIMPY SIDE

The pro hockey schedule is on the skimpier side than the football place Toronto visits the cellar dweller New York Rangers in the National League. Providence, the American League pace setter, is at Hershey, which is held for fourth.

## IN EASTERN PRO ACTION . . .

In Eastern Professional Hockey League action to day Kingston meets Sudbury in Sudbury, Ontario. Two games were played last night. The Montreal Royals edged Hull-Ottawa one to nothing in Montreal, and Sault Ste. Marie beat Kingston five to one at Sault Ste. Marie.

## OPERATION FOR QUARTERBACK

Quarterback Jim Van Pelt of the Winnipeg Blue Bombers in the Western International Football Union will have to undergo an operation for his shoulder injury. It's announced in Winnipeg the team's ace player will probably be operated on Friday. Van Pelt suffered a right shoulder separation two nights ago during the game against the Edmonton Eskimos.

## ANOTHER OWNER BACKS THE IDEA

Another owner has backed the idea of the National Football League expanding into Texas. President Art Rooney of the Pittsburgh Steelers says he agrees with and worked with George Halas, the head of the Chicago Bears who proposed taking in Dallas and Houston.

## THE NUMBER ONE QUESTION

The number one question in baseball is whether the American League intends to invade the west coast. Leo Dorsey, a one-time director for the Washington Senators, insists a "certain" American League owner would like to join the Dodgers in Los Angeles. Some say it could be President Arnold Johnson of Kansas City. He is in the lead.

## WILL MEET AT LOS ANGELES

The United States and Mexico soccer teams will meet at Los Angeles on November 22nd for the final game of their 1960 Olympic games elimination series. It is part of a world wide move to cut the field of teams to 16 for the Olympics in Rome next summer.

## TAKES ON RODRIGUEZ

Veteran welterweight Les Legard takes on Luis Rodriguez of Cuba tonight at Miami Beach. Legard also has from Camaguey, Cuba, the home of former welterweight champion Kid Gavilan.

## NOW HAS A STRING OF WINS

Featherweight champion Dave Moore of Springfield, Ohio, now has a string of wins. Moore stopped Bobby Veil of Scotland in two minutes, 46 seconds of the first round in a non-title bout yesterday at Lake Mead.

## HYDROPLANE RACES OPEN TODAY

The first annual Lake Mead Cup hydroplane race will be held today at Las Vegas, Nevada. It takes the place of the Sahara Cup at Lake Mead the last three years as the final event of unlimited hydroplanes for the national championship. Heading the field of ten boats will be "Maverick," winner of the gold cup at Lake Washington.

## E. Neill Gregory brings curling honours to Lindsay

For the first time in 21 years, Mr. Milton Reddock, 1959-60 president of the Lindsay Curling Club, was present during the Ontario Curling Association.

Mr. E. Neill Gregory, immediate past president of the Lindsay Curling Club, was also present. Mr. Gregory was elected president of the Ontario Curling Association at its annual fall meeting in Toronto.

The Ontario Curling Association is the governing body of all Ontario curling clubs and approximately 100 clubs had delegates at the meeting.

Only three Lindsay men have attained the honour of being elected president of the association. They were the late Jos. D. Furelle (1886), the late Judge L. V. O'Connor (1926) and the late Walter B. Resour (1939).

—L.F. ASNER

## Lindsay lawn bowlers elect Lloyd Davis as president

Club treasurer reports operating profit

The fall meeting of the Community Lawn Bowling Club was held Tuesday, the main business being the election of officers for the 1960 season. The following officers were elected:

President — Lloyd Davis, Treasurer — Murray Roberts, Secretary — Chas. Heals. The treasurer's report was read and the club operated on a profit for 1959. The membership consists of 44 ladies and 30 men.

## Figure Skating Club prepares for membership drive

Newly elected executive members of the Lindsay Figure Skating Club are already busy lining up help and laying plans for the coming season. Number one item on their agenda at the present time is the membership registration for the coming season and an executive meeting is planned for this week to set dates for the drive.

Central committees are also high on their list, while some matters will be dealt with after the club professional comes early next month.

At their annual meeting held in Cambridge Hall last Saturday night, very encouraging reports were heard from the various committee chairmen, and club professional, Mr. Arno Wild, was warmly welcomed by the membership. Mr. Wild, at present plans on making his headquarters in Lindsay. The report of the nominating committee was accepted and the following executive was elected: past president, Dave Simpson; president, Frank Power; vice president, Jack Neuhoff; 2nd vice president, G. P. Upton; secretary, Mrs. Ken Bellamy; treasurer, Ron Bellamy; director, Mrs. Ken Bellamy; Mrs. Cliff Sharpe; Mrs. Ralph Wakelin; Mrs. Bill Moody; Mrs. Peter Sabovich; and Barney Rogers.

## Miss F. King Addresses H &amp; S

The regular meeting of the King Albert Home and School was held in the school auditorium.

Prior to the meeting the Teachers were in their respective rooms so that the parents had an opportunity to get acquainted with the teacher and to learn any way in which the child's progress might be helped.

Mrs. Peirce, president was in charge of the meeting. Mr. Cook read the secretary's report due to the absence of Mrs. Waterhouse. Mrs. McCallum gave the financial report.

The attendance card was for the second consecutive month won by Mrs. Mauder's class.

After a short business session. The programme was turned over to Mrs. Reynolds' health counselor who introduced the guest speaker for the evening.

Mrs. F. King B.P.H. M.P.H. of the Ontario Preventive Clinic. Miss King gave a wonderful talk on T. B. and the

clinic that is to be held here in January with the singing of the Victoria Colony, telling us of the National Anthem. (those in charge)

How the test is done and the importance of the success of this clinic as it is the first such clinic to be held in North America. After her talk Miss King showed some slides that she has taken of her work here in Victoria County.

Miss King was thanked for her informative address by Mrs. Mann on behalf of all.

The meeting was then ad-

## Cauliflower Is Called

Uncommon here only a few generations ago and then strictly a luxury item, cauliflower today is a popular vegetable, plentiful and reasonably priced.

Mr. Twaiss referred to cauliflower as a cabbage with a college education.

Compact, creamy-white curd and crisp, green leaves are signs of fresh, good quality cauliflower.

Since the size of the head has nothing to do with maturity, select one which will best serve your family.

A 2 to 2½ pound head will serve five or six people.

Cook only enough for one meal because the characteristic cauliflower flavor increases on standing.

Raw cauliflower adds variety to the relish tray and salad bowl.

Separate into florets, wash and chill. Serve with carrot curls and celery sticks.

Or combine with spinach and other greens in a tossed salad.

Small cauliflower florets, boil from 8 to 10 minutes or do them in a pressure cooker for 2 minutes.

The fresh water stalks and leaves, if green, when cooked in boiling water until tender.

Simple vegetable soup with cauliflower added to white sauce and served on toast.

As an alternative, place in a greased casserole with buttered whole wheat bread crumbs and finish in a moderate oven, 350 degrees.

Use the stalks, leaves, brown and bubbly — 15 to 30 minutes.

These suggested uses for cauliflower, as well as the stalks and leaves, offer other menus are contained in

Bulletin 479, Super Dishes, prepared by the Food and Nutrition Service of the Home Economics Service, Ontario Dept. of Agriculture, Windsor Information Bureau, Ontario Dept. of Agriculture, Parliament Buildings, Toronto.

For a list of addresses, see **Homebased Cleaning Solution Efficient and Inexpensive**

Whether house cleaning means an all-out attack once or twice a year or a gradual, continuous effort covering a longer period, one thing is certain: as time goes on, you will find yourself eyeing dirt walls and ceilings and wondering just what to do with them.

Washing does wonders in removing dirt, but here's a reliable, homemade cleaner that does a really good job, according to the Home Economics Service of the Ontario Dept. of Agriculture.

One cup of household ammonia, half a cup of water and a quarter cup of baking soda combined and added to a gallon of warm water are the ingredients.

Put the mixture in two containers, one for the cleaning solution and one for warm rinse water.

Use sponges or soft, clean cloths, one for cleaning and one for rinsing.

For floors, use a third cloth, clean cloth for dry, complete the equipment required.

Wipe the ceilings first and then begin at the bottom of the walls and wash upward.

Press the ceiling with a dirty wall during cleaning a quite apt to leave permanent marks which are almost impossible to remove.

However, if wash water does trickle down over a cleaned area, it is easily wiped up.

Wash the ceiling, so always begin at the bottom of the wall. Squeeze out all excess ammonia from the sponge.

Use cloths or sponge and work only a small area of wall or woodwork, using a small amount of fresh ammonia.

The many friends of Little Joanne Hussey will be pleased to learn she is progressing nicely after undergoing an appendectomy operation last Saturday.

Mr. H. W. Smith, Victoria Ave. N. was in Peterborough on Saturday attending the funeral of Mrs. Mary Margaret Harris, 19 St. Louis St.

Mr. Rex Cowan and Royce Harrison of Carleton Place and Mr. Wm. Baskin of Lindsay were here on business.

Friends of Mrs. Wm. Barry of Ottawa will be sorry to learn she is in the Ottawa General Hospital.

## Waterbury

— by Millicent —

water from your cloth or sponge each time. And change the rinse water frequently.

Although you will be anxious to clean and rinse until the water runs pink, rub more than necessary on the point. Finally, dry the spot with a clean cloth and move up on to the next small area.

How To Potillize

By fertilizing the soil and shrubs this fall, you'll be throwing a triple-barrelled shot at weeds, insects, and diseases.

That's what horticulturists with the Ontario Department of Agriculture are saying.

A good lawn fertilizer such as 10-6-4 or 9-2-9 is also the best to use on trees and shrubs.

And the best time to apply it is when the leaves begin to fall.

For small trees and shrubs, apply at a rate of ½ cup per 10 sq. ft. Or combine with water.

Spread evenly on top of the ground covered by the crown of the tree or shrub.

On grassy sections, be sure that the grass is dry before application, to prevent burn.

For large trees and lawns, a good idea to spread half the required amount of fertilizer first.

Then, after the fertilizer has set right angles to the first application.

Use the reliable hand-spreading or broadcast type of granular applicator.

Let the spacing and location of plants tell which fertilizer to use.

For larger trees, take the diameter of the trunk about shoulder height.

Then use 34 pounds of fertilizer for each inch of trunk diameter.

Here are a few tips to lessen the loss of fertilizer and to get it down where shrubs and trees are located:

Be sure that the grass is dry.

Sweep the lawn with a broom or rake to knock any loose fertilizer into the grass.

Water in all fertilizer thoroughly.

Where possible, use mulches around trees and shrubs.

**THE TIME HAS COME TO TALK OF CABBAGES**

Canadians like cabbage. In the total tonnage of vegetables produced each year, it ranks next to potatoes, tomatoes and cucumbers.

Ontario grows a lot of it. It is easy to get in good quality and quantity here.

Cabbage is a good source of vitamin C, according to food specialists of the Home Economics Service, Ontario Dept. of Agriculture.

From half a cup of raw or cooked cabbage, you get about a third of the R. D. recommended for the day.

Small cabbages also contain small amounts of thiamine, iron and calcium.

When you choose a head of cabbage, look for one that is solid and firm.

Look for leaves of good color, to insure maximum yield and to avoid waste.

Leaves should be fresh, crisp and free from insect injury or bruising.

Mean good flavor and texture.

Press the cabbage against a clean cloth. Remove any withered leaves and wash and dry the head.

Store the cabbage upright, pointing the stem toward the refrigerator or one other cool place.

If you plan to use it in a salad, wrap it in a few days, wrap it in wax paper or a damp cloth before storing it.

When you use only a portion of the head, wrap the remainder and store it in the refrigerator.

After boiling cabbage, use salted water, a covered pot and only eight to ten minutes cooking time.

Cabbage is a vegetable that can be used in many ways.

It can be used in soups, stews, or as a side dish.

It can be used in salads, or as a vegetable for the table.

It can be used in many other ways.

## Wedding

Hennessey-Shaw

A very pretty autumn wedding took place on Saturday afternoon at the home of the bride's parents, Mr. and Mrs. Hennessey-Shaw, 17, when Helen Shaw, of Stratford, Ontario, was united in marriage to John James Hennessey, of London.

The bride was given in marriage by her father and looked very attractive in light blue tulle suit, with pale pink veil.

The groom wore a navy blue suit, with pale pink vest.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

The bridesmaids were Miss Patricia Hennessey, of London, and Miss Patricia Hennessey, of London.

The groomsmen were Mr. John Hennessey, of London, and Mr. John Hennessey, of London.

Pepper resigns CAS to join incoming Schultz company

Mr. Gordon Pepper has resigned his position with the Children's Aid Society, to take a position with the Schultz De Casing Company Ltd.

In making this announcement to "The Post" Wednesday afternoon, Mr. Alan Brewett, director of the association of CAS, said the association would be suffering in the near future for a successor.

Wrong court, bench rules, charge is tossed out

Howard Black of Black's going out of business. The Service Station, Lindsay complainant said Black gave him a cheque for the amount but he had been unable to cash it because there were no funds in the account.

The complainant — Mr. Maurice — told the court Black had purchased equipment from him worth \$2500. He said he had been paid a bargain at that time was easily \$450 worth of equipment," said Mr. Walker.

Two months become two years for breach of probation

A 24-year-old Lindsay man has been sentenced to two years in jail in Douglas Reformatory for a breach of his terms of probation. The sentence was imposed by Magistrate R. H. Moore here Wednesday. It is to run concurrent to a two-month term the man is already serving.

Old Landmark Being Moved

Janelville (PNS)—The Old Order changed village place to New's came to mind as we watched the little white Presbyterian Church which has stood one half mile south of the village.

Mrs. W. W. Moore, who has stood beside its cemetery for many years — a monument to the Presbyterian faith and symbol for years of Christian Endeavour and worship.

To those who had association with it there were many happy and some poignant memories — a familiar landmark sacred to the memory of many which will not soon be forgotten.

Janelville Presbyterian congregation will be held Sunday in 1899, with Mr. Blaine of Queen's College to labor in the pulpit. He will be at the end of October with D. P. Oswald, a student in training came to this field.

In 1891, Janelville, Balfout and Pontypool congregations called Rev. D. P. Oswald as minister. On Sunday 27, 1891, Rev. D. P. Oswald was introduced to the church. In the interval the following ministers and students ministered who have served the church: Rev. Gomm, Rev. Ferguson, Rev. Mahon, Rev. Kev, Rev. Chas. Maclean, Rev. Campbell, Rev. Jamieson, Mr. Robinson, Mr. Conlon, Mr. Cahoon, and Mr. McComb.

United Church WA Rally

Halibarton (PNS)—The W.A. Rally of the United Church was held in Carleton Place.

The Church was filled with members of the W.A. from Minden, Ingolf, Lockville, Wilberforce, Tory Hill, Gooderham and Halibarton.

Group six, of the Lindsay Presbytery, one of the great organizations of today, were throughout the day under the guidance of Mrs. G. MacArthur, of Gooderham. After the theme hymn an address of welcome was given by a member of the Cameron W.A. and a memorial service followed.

A delightful duty was sung by Mrs. Doris Wheeler and Miss Joan Stacey. The courtship report was given by Mrs. Maurice Roberts.

OBITUARY

Wilbur McNeven

The very sudden death of Wilbur McNeven of Lindsay Township, at Ross Memorial Hospital on Wednesday, Sept. 23, shocked the community deeply. He was in his 67th year and had been enjoying his usual good health.

R 7 — JUST ONE MILE WEST OF LINDSAY"

# A little more water sooner might have...

Several people lose most of worldly possessions

Just a little more water and the day might have been saved, or at least partially saved, by the several people living in a far more suitable home at 124 Adelaide St. E., Lindsay.

The need for vigorous pumps of water soon put before 2 p.m. Saturday when the fire broke out at the front of the house brick covered foundation housing two people and two children.

Caused by a shift apparently, the fire was not, but rapid advance in the fire department moved into the house. Efforts were made to save the house, but the fire was too far gone. The fire was not put out until 10:30 p.m. Saturday when the fire was out. The fire was not put out until 10:30 p.m. Saturday when the fire was out.

## Facts For Farmers

He Reminded His Barn For \$183 and Saved 44 Days Of Cured Time

Ontario's leading agricultural economist says that with farm income at 75¢ per acre, a dairy farmer can save 44 days of curing time by using a barn for curing silage. The economist says that a farmer can save 44 days of curing time by using a barn for curing silage.

Ever figured out how much time you spend with cows? The economist studied one dairyman who after rearing 100 calves, saved 44 days of curing time by using a barn for curing silage.

He built a home-made milking parlor in the barn. The economist studied one dairyman who after rearing 100 calves, saved 44 days of curing time by using a barn for curing silage.

## NOTICED... along the way

Some people weren't quite as fortunate this week as "They had a blue Monday" to cope with this week where as they managed to drink it last week.

Some bedtime stories do a wonderful job of keeping children awake. Others, like this one, have no effect at all.

A sudden fall to the side-walk sends a person to the hospital. The person who has looked long and too well on the top that "Sweetie!"

The drop brings them up about... "Could it be that some people have to get down to get up?"

There's nothing quite so tedious looking as a lone bird in slitting on a fallen branch of a tree as the winter-comes.

Close to 100 members of the local Board of Health. Thursday, he had received a complaint from a Toronto resident about the condition of the washroom facilities at a local restaurant.

The cause behind the complaint had been contained in a letter to him from the Toronto Board of Health.

Sunday Inspector Jim Elman said the establishment was in good condition when he inspected it earlier this week.

Some signs really mean what they say. Consider the one on a certain set of scales in Lindsay: "Your fortune and your weight."

And it means what it says. Just not in the way that the average person would interpret it. Anyone reading such a sign on a public weighing scale would not expect to find the promised fate for the person.

The scales will register the weight of the person. The sign will tell the person that their fortune is their weight.

# Let's Embrace a more County, Connecticut

## Sewer football left with town, wait for pass

## wait for pass

is to be left in its present condition until a report from Lindsay Town Council is received by the Committee of the Victoria County Home for the Aged. This was decided at a meeting this morning.

At the regular monthly meeting of the committee held last night, the council could not agree on a recommendation. County Clerk F. Weldon told members that nothing had been heard from the town since last month's meeting.

At that meeting Town Engineer

the sewer. Timberlake was asked to exhaust all possible methods of cleaning out the trouble some blocked sewer before

Mr. and Mrs. Kenneth Stubbs. **Couples Club Held**

**Couples Club Hold Regular Meeting**

The Couple Club of Queen

field visited with her parents, Mr. and Mrs. James McKinnon on Tuesday.

The community auction sale

sponsored by the Boy Scouts and Cubs and the Mothers' Auxiliary on Saturday afternoon, was well attended. for the Sector Plan; and a committee was also appointed to decorate the Church for the Thanksgiving services.

Charles McGill making his debut as an auctioneer did a fine job of selling the many of St. Paul's Anglican Church. articles offered for sale, of Beautiful coloured slides were

farm produce, furniture, machinery, etc. The lunch booth at the Parish Hall of St. Paul's Anglican Church was well patronized. Canon Hesketh gave a very interesting account of a five-weeks' trip to the Yukon, in which he and Mrs.

A special Sunday School

ally day service was held in the United Church on Sunday morning, with Mr. Jas. Som-

the scripture lessons and prayers. The choir, directed by Mrs. S. L. Speller, sang

Davidson, Gail Wilson and Murray Henderson in reading "Me."

**“If ye canna walk yon narrow path stay out!”**

**Takes issue with some clauses**

Councillor Mel DeGroat was the only member who did not cast his vote when Lindsay Council last night approved a motion that the taxpayers be asked to vote on whether a subsidy be granted to the operator of the local bus service—DeNure Trailways Ltd. He opposed certain clauses in the agreement which he said were too one-sided.

At the forthcoming municipal election the electorate will be asked to vote on whether a subsidy of up to \$3,000 be paid to the company annually when a loss is incurred by the operator.

Acting Town Solicitor Jos. Staples, outlining what he said was asked to vote on whether a subsidy of up to \$3,000 be paid to the company annually when a loss is incurred by the operator.

When Bus Committee Chairman Staples moved that Mr. Hutson be allowed to explain the agreement to Council, he was moved that the required bylaw be passed and the necessary procedures be carried out.

Relatives gathered quickly to comfort the bereaved and they were joined by friends and several of the deceased's fellow performers.

At the theatre as the final curtain had been rung down, members of the cast recalled the accident, leading up to the shocking demonstration. Briefly here is how they summed up what took place when Mr. Brown arrived at the theatre.

“He came into the theatre quietly and gave no outward appearance of being in difficulty until some afterwards when he complained of being unable to breathe right. He was taken home and we learned soon afterwards that he had died.”

“I think this best show ever produced in Lindsay by an amateur talent.” ... And there was no disagreement.

Elsewhere in Lindsay, at the West Wellington street, a daughter, Nancy.

Reg. Cox asks \$4,500 to take on job as recreation director

An application from R. Cox, Kent St., east, to be considered for the vacant position as Recreation Director for the town, was referred to the Recreation Committee for study at Monday night's meeting of Town Council.

In his application Mr. Cox suggested a compensation salary of \$4,500.

Members of the Lodge Ceremony have been invited to attend a ceremony at the West Wellington street on the evening of Nov. 7, when the Independent Order of Odd Fellows Lodge No. 100, will present a mayor's chair of office to the town.

Mr. Pepper said he would ask that the question be voted on at the forthcoming municipal election.

Last year voters voted against a similar motion which was put on the ballot sheet.

Noticed along the way

Mr. Norman Brown fatally struck while for "Hello Showboat" curtain call

This is real life drama

A man died in Lindsay last night just before curtain call for the musical comedy in which he was to play a part.

Mr. Norman Brown took suddenly ill in the dressing room of the Academy Theatre just as the Kiwanis Club's stage production "Hello Showboat" was about to open its second night's stand. The popular member of the cast was removed to his home where he passed away soon afterwards.

But the show went on! The audience laughed and applauded, totally unaware that one of the cast had answered the last great curtain call as he was preparing to help entertain them.

It was a near capacity house which watched the performance and as the patrons filed out of the theatre, plaintiffs were heard on every hand.

"We're not the costume beauties!" And they were.

"I think this best show ever produced in Lindsay by an amateur talent." ... And there was no disagreement.

Elsewhere in Lindsay, at the West Wellington street, a daughter, Nancy.

Reg. Cox asks \$4,500 to take on job as recreation director

An application from R. Cox, Kent St., east, to be considered for the vacant position as Recreation Director for the town, was referred to the Recreation Committee for study at Monday night's meeting of Town Council.

In his application Mr. Cox suggested a compensation salary of \$4,500.

Members of the Lodge Ceremony have been invited to attend a ceremony at the West Wellington street on the evening of Nov. 7, when the Independent Order of Odd Fellows Lodge No. 100, will present a mayor's chair of office to the town.

Mr. Pepper said he would ask that the question be voted on at the forthcoming municipal election.

Last year voters voted against a similar motion which was put on the ballot sheet.

Mr. Brown was taken to his home where he passed away soon afterwards.

But the show went on! The audience laughed and applauded, totally unaware that one of the cast had answered the last great curtain call as he was preparing to help entertain them.

It was a near capacity house which watched the performance and as the patrons filed out of the theatre, plaintiffs were heard on every hand.

## Brussels Sprouts

Actually tiny cabbages, Brussels sprouts add vegetable variety to the menu. Properly cooked they are delicious, though they have a strong and unappetizing, dull greenish-brown color when overcooked. Sprouts make fine substitutes for cabbage for a family of two, where a head of cabbage would be too large to be eaten while at its best.

When buying this fall vegetable, choose green, fresh-looking ones with no wilted leaves. Beware of vermouths and yellow spots. Allow one pound to serve four people, half a pound for two.

Remove any imperfect or wilted outer leaves and cut off a bit of the stem end. Wash

thoroughly. Place sprouts in pan, pour on one inch of boiling water with salt (half a teaspoonful to each cup of water), then boil, covered, until just tender-crisp. Eight to fifteen minutes boiling time or two to three minutes in a pressure cooker will be required, advise nutritionists of the Home Economics Service, Ontario Department of Agriculture.

Although delicious seasoned with salt, pepper and butter, variations include the addition of minced parsley and lemon juice to melted butter. Celery leaves, grated beets, prepared mustard, or minced onion may be used too.

Possibly borrowed from Chinese cooks is the suggestion of sprinkling sprouts with toasted, blanched almonds after adding butter. Brussels sprouts combine well with other vegetables or celery, for example, should satisfy the palates of those who prefer their cabbage to either large or small, some what fancier than nature provided.

## Announcements

### At Rest

PAUDASH, Johnstone—Entered into rest suddenly, at Picketing Township, on Monday, Oct. 26th, 1959, Johnstone Paudash, beloved husband of the late Florence Johnston and dear father of Belva (Mrs. Heenan) and John, George and Nellie. Torm Funeral Chapel, Whitby for service in the chapel on Thursday, October 29th at 2 p.m. Interment McNeil Cemetery, Wick. (40031)

### Announcement

Mr. and Mrs. Dean Outmore of "Fairweather" Millbrook, Ont., are very pleased to announce the arrival of their chosen son and daughter, Elden, Irene, Amy, and John. John, Kurke, Carleton—Four (3653)

### At Rest

BROWN, Norman Alexander—Suddenly at his home, 25 Wellington St., on Tuesday, Oct. 27th, 1959, Norman Alexander Brown, in his 47th year. Beloved husband of Dora Deacon, dear father of Nancy and Claire, son of Mrs. Margaret and the late Samuel Brown, brother of David, of Lindsay and Margaret (Mrs. Carl Boyd) of Orillia. Resting at the Mackay Funeral Home, 2000 St. S. Lindsay, for service in the chapel on Friday, October 30, at 2 p.m. Interment at Riverside Cemetery. (40221)

### Cards of Thanks

We wish to thank friends and neighbours, special nurses and staff of Ross Memorial Hospital, also Dr. Services and Dr. Broadbent for their kindness during my recent operation. Milton Johnston. (48841)

The family of the late Mary Ann Eggleston wish to thank their friends and neighbours for their acts of kindness and sympathy shown during the recent and bereavement in the loss of their mother, especially thanking Dr. M. E. Gorman and Dr. M. F. White, and Rev. Canon H. Hesketh and the Mackay Funeral Home. (3626)

### Engagement

Mr. and Mrs. Warren Fountain of Cobocook, Ontario, wish to announce the engagement of their daughter, Ena Kay, to Floyd W. son of Mr. and Mrs. Stuart Hall, of Little Britain, Ontario. The wedding to take place on November 14th, at 2:00 p.m. in Trinity United Brethren, Peterborough, Ontario. (48601)

### In Memoriam

MORRISON—In loving memory of our dear mother and grandmother, Elva Morrison, who passed away November 2, 1957.

So many things have happened Since you were called away. Things you would have enjoyed.

Had you been left to stay. So many things to share with you.

In just the usual way. Things that could be so much nicer.

If you were here today. We cannot but the old things back.

Your hand we cannot touch. But we have wonderful memories.

Of one we loved so much. —Lovingly remembered by her son Lawrence and Kay and grandchildren Ronnie, Glen, and Carol Anne. (490291)

FOSTER—In loving memory of a dear mother, Elva Foster, who passed away Nov. 1, 1958. Always true thoughtful and kind.

Wonderful memories she left behind. —Ever remembered by her family. (49211)

SOUTHERN—In loving memory of our dear mother, Jane Southern, who passed away October 28, 1958. Loving and kind in all her ways.

Upright and just, to the end of her days. Sincere and true, in her heart and mind.

Beautiful memories she left behind. —Ever remembered by her family. (49211)

### Euchre Party Held

Kinnmont—(PNS)—A very enjoyable evening was spent in the Community Hall where a progressive euchre party was held on Wednesday evening. The high score for the evening went to Mrs. Walter Duffy with 69 points; men's high, James Simpson with 71 points. The consolation prize Mrs. Gerald Ingram and Len Swanton.

## PERSONALS

Ray "Happy Birthday" through his column—Olaf FA 4-3114. There's no other.

Sympathy is extended to the family of Roy Neville on the loss of his father at Halburton.

Extended birthday wishes are belated to Mrs. A. Taggart whose birthday was October 24th.

Happy birthday to Grandma Lisa.

Miss Margaret Harris of Peterborough spent the weekend at the home of her sister and brother-in-law, Mr. and Mrs. Charles Matthews.

Mr. and Mrs. Roy Bacon, of Bowmanville spent Sunday with his brother and sister-in-law Mr. and Mrs. James Bacon.

Mrs. Lottie Matthews of Kinnmont returned home after spending a week at her daughter and son-in-law's, Mr. and Mrs. George Curtin.

Friends of Mrs. Warry Barnaby will be pleased to know that she is coming slightly while still in Toronto General Hospital.

Mr. and Mrs. Theodore Bacon of Woodville, called on their mother, Mrs. Little, on Sunday.

Miss Gertrude O'Leary and Miss Rita O'Leary, spent the weekend in Toronto at the home of Mr. and Mrs. Don Colloche.

## Bethany

(News for week ending Oct 31) Mrs. Ian Gribble, Lambeth, has spent the past week with Miss Laura Morris.

Mr. Gordon Woods and daughter Barbara, Ottawa, are visiting with Mr. Wellington Falls.

Miss Laura Falls went to

Princess Margaret Hospital in turn will direct for Bethany's Hospital, Peterborough. The Cubes and Scouts attended Divine Service at St. Paul's Church on Sunday morning.

Mrs. Clifford McKay, London, visited with Mr. and Mrs. Ross Davidson on Saturday. Mr. and Mrs. Norman Neals, Markdale, were guests with Mr. and Mrs. Ross Carr on Sunday.

Mrs. M. Finney and Mrs. J. White attended a Ladies' Training school in Orono for two days last week, taking a course in rug-making, which they, in turn will direct for Bethany's Hospital, Peterborough.

## St. Andrew's speaker raised in Eldon Twp.

Rev. Neil Gregor Smith, M. A., a former Woodville boy was guest speaker at the Thanksgiving services at St. Andrew's Presbyterian Church on Sunday.

A son of the late John Smith of the 7th Concession of Eldon, he graduated from the Lindsay Collegiate Institute, also the University and Knox College, Toronto. For a number of years he has officiated in the capacity of librarian at the College. He is also a lecturer in homilies.

## Group five of W.A. held Fall Rally Cambray Church

Group Five of the Women's Association of Lindsay Presbytery met in sessions for their fall rally in Cambray United Church with 75 in attendance.

After registration at 10 o'clock the meeting opened with Mrs. G. Shire at the piano. The president, Mrs. Wm. Hayes gave a lovely poem entitled "A Morning Meditation".

Followed, John Livelly, Louis Brown and Alvin Johnston Sr. Interment was in Feneelon Falls Cemetery.

by Dayes brothers and their assistants. John Archer supplied violin music and Ed Hazell called for the square dancing.

The ladies served lunch and coffee after which dancing was resumed.

The roll was called with ten associations present, and eleven interesting reports given.

Mrs. Murray said we were divided into two groups to send some one to Five Oaks. The Theme Prayer followed.

An inspiring address was given by Presbytery President Mrs. N. Dack. She took as her subject, "Six Marks, the Marks of a Christian."

Greetings were given from the following Presbytery of Feneelon: Mrs. Palmer, Feneelon Falls; Mrs. Fielder, Cobornok; Mrs. Nichols, Little Britain; Mrs. Murray, Woodville; Mrs. Jacobs, Zion; Marjorie Dack gave out prayer cards to each associate.

Onesie W. A. ad in an impressive mid-dinner.

A bountiful dinner was served by the "lady ladies, and the afternoon session opened with a prayer. The minutes were read by the secretary, Mrs. N. Lee.

An invitation was given by Feneelon Falls to have the Rally there next year. The new secretary is Mrs. Carl Way.

A beautiful solo "My Cathedral" was rendered by Mrs. Stanley Murray.

The guest speaker for the afternoon was Rev. J. Lailie, and he spoke on "The Grace of Giving."

The offering was taken and dedicated by Canon W.A., and the report of the Churches Committee given by Bethel W. A.

A hymn and The Queen closed the 1959 Rally.

## Presentation Held In Honour of Newlyweds

Blackstock—(PNS)—There was a good crowd in the Community Hall Saturday evening for the shower for Mr. and Mrs. Keith Hodgson (nee Mildred Brown). Dalton Dorrell was the capable M.C. for the program.

After a few congratulatory remarks he called on Mrs. C. Morley, Mrs. Rimmer, Mrs. Harvey Graham and Mrs. Archer for readings. This was interspersed with music or song by the Dorrell girls, Leonard Saunders, Clifford Daves, and trio of Bonnie and Elsie, Monty, Donna McLaughlin with Verna Harris, accompanist.

After the presentation of gifts for which the groom expressed thanks, dancing was enjoyed with music supplied

## OBITUARY

### Wm. John Henley

William John Henley passed away October 6, 1959 at Ross Memorial Hospital, following a short period of ill health, in his 80th year.

Mr. Henley was born in Feneelon Falls, Ontario, and also received his education there. He was the son of the late Mr. and Mrs. Thomas Henley.

The late Mr. Henley was a member of St. Paul's Anglican Church.

He was the beloved husband of Ann Elizabeth (Bell) Henley and loving father of Ralph of Bradford, Margaret, Mrs. Jas. Roberts, Ottawa; Janet (Mrs. Wm. Heallier) Toronto; Margery (Mrs. Earl Martin) Lindsay; and John, all of Lindsay. Also survived by 15 grandchildren and nine great grandchildren.

The funeral services were held from Mackey's Funeral Home on Thursday, Oct. 8th, 1959 at 2 p.m., with Rev. Canon H. Hesketh of St. Paul's Anglican Church, as officiating clergyman.

The pallbearers were: W. C. Folwell, John Livelly, Louis Brown and Alvin Johnston Sr.

Interment was in Feneelon Falls Cemetery.

by Dayes brothers and their assistants. John Archer supplied violin music and Ed Hazell called for the square dancing.

The ladies served lunch and coffee after which dancing was resumed.

The roll was called with ten associations present, and eleven interesting reports given.

Mrs. Murray said we were divided into two groups to send some one to Five Oaks. The Theme Prayer followed.

An inspiring address was given by Presbytery President Mrs. N. Dack. She took as her subject, "Six Marks, the Marks of a Christian."

Greetings were given from the following Presbytery of Feneelon: Mrs. Palmer, Feneelon Falls; Mrs. Fielder, Cobornok; Mrs. Nichols, Little Britain; Mrs. Murray, Woodville; Mrs. Jacobs, Zion; Marjorie Dack gave out prayer cards to each associate.

Summary for Thursday—late showers.

# Gooderham man killed in crossing accident

## Brother of Lindsay railroader

A 45-year-old Gooderham man—Robert Ruby—was killed instantly early this morning when the truck he was driving is reported to have collided with a train at a crossing near Orilla. He is a brother of Mr. M. Ruby, 27 Glenelg St. W., Lindsay, a railroader with the C.N.R. The tragic officer.

# Annual skate sale starts skating club's new season

The Annual skate sale at the Recreation Centre this evening starts off club activity for the 1959-60 season. The purpose of the sale is to provide opportunity for Club members to sell out-grown figure skating equipment and to purchase suitable equipment within the Club, if they so desire. Sellers are asked to put their name, the price, and size on their articles, and to remain with their goods until sold. Articles unsold, will if the seller desires, be listed and the list posted on the Club bulletin board in the Arena.  
The Figure Skating Club membership registration will take place this year in Fee Month—showroom. Members of the executive will be in attendance Friday afternoon and evening. Saturday afternoon, to accept applications and supply information.  
Skating is expected to commence Monday November 9th with a general skating and organization session. Ice times for season will be as follows: Mondays—4.30 to 7.00 p.m.; Wednesdays 4.30 to 6.00 p.m. and 7.00 to 11.00 p.m.; Fridays 4.30 to 7.00 p.m.

## 1960 CHEVROLET LIGHT-DUTY TRUCK LINE

Total redesign of both styling and chassis make the 1960 Chevrolet light-duty truck line. Ride, handling and durability are improved by exclusive innovation of independent front-wheel suspension, with torsion bar, on all full forward-control and cab-over-engine models. Chevrolet's three-quarter ton conventional models also pioneer rugged two-link suspension with coil springs at the rear. The compact, sculptured functional styling complements the new chassis design for a low, powerful silhouette. Cab floor and seat are at an in-height from the ground, eliminating under-axle stress. Other improvements include more durable rib structure with new rubber mountings, new rigid frame, full-width fold opening, new hydraulic clutch control, suspended pedals and drive shafts.

### Blackstock

(News for week ending Oct. 31)

Mr. and Mrs. Chas. Albin and Donald, of Bowmanville and Miss Rose Quakenbush, Toronto, visited Mrs. J.C. McGaughlin and family, Crawford and Mr. and Mrs. Wes Neuen.

Mr. and Mrs. Chas. Smith and Oliver spent a week in Ottawa and Waterville, Quebec. A good many attended anniversary services in Neeldon and renewed acquaintances with Rev. J. E. Griffith now stationed at Dundas.

There were nine tables of eukerie played at the Parish Hall Thursday night. Ladies winning prizes were Mrs. Ed. Hurst and Mrs. Thos. Hoide. Gent: Mrs. Iris Argue (on a

gents ticket) and Mrs. F. Middleton.

Prior to leaving for Florida for the winter, the family of Mr. and Mrs. Russel McLaughlin held their Christmas gathering at the home of Mr. and Mrs. Fred Griffin and family, Bowmanville.

Mr. and Mrs. Stephen Neary and Brian, Toronto, and Miss Marilyn Archer, Wabigo, were Saturday guests of Mr. and Mrs. W. Archer.

Mr. and Mrs. Russel Munn, Jay visited Mrs. Cecil Ferguson, Newcastle Thursday.

Mrs. Wilbert Archer visited Mrs. T. R. Bowman, Newcastle Thursday.

Mr. and Mrs. Percy Collins and boys spent Sunday with Mr. and Mrs. Russel Davidson, Raglan.

Mrs. S. A. Devitt and Mrs. David Hill left last week to spend the winter in Richmond (Ill).

Mrs. E. Crawford, Oshawa, is spending a few days with her cousin Mrs. Norman Taylor.

Mr. and Mrs. Les Gibson, Toronto, called on Mrs. Norman Taylor and Mr. and Mrs. V. Taylor and were Sunday supper guests of Mr. and Mrs. Cecil Higgs.

Mr. and Mrs. Leslie Munn, Jay and Mr. and Mrs. Russel Munn, Jay visited Mrs. H. Graham and Miss Verena, Toronto. Mrs. M. Walton, Uxbridge, visited Miss Eva Ryan and Mrs. H. Bailey, Saturday.

The many friends of Mrs. Percy Collins are sorry to hear of her illness. Her daughters,

### OBITUARY

#### Mary Ann Eggleston

Mary Ann Eggleston passed away suddenly on Thursday, Oct. 8, 1968, at the home of her daughter, Nellie (Mrs. K. Thacker), Cambray, in her 73rd year.

She was the daughter of the late Mr. and Mrs. Barrett Smith. She was born in London, England and also received her education there. She was a member of St. Paul's Anglican Church. She came to Canada in 1901 under the Dr. Barnardo's name, at the age of 15.

She was the loving mother of George and James, both in Lindsay; Mary (Mrs. Louis Gedday), Toronto; Nellie (Mrs. Kenneth Thacker), Cambray; John and Luke St. Peter, Fred of R.C.N. Italy; William of British Columbia and David, who paid the supreme sacrifice at Caes.

The funeral took place Monday, Oct. 10th, 1968, at 2 p.m. from the Mackay Funeral Home, Rev. Canon H. Hestekin officiating.

Pallbearers were Harold Cairns, Wilfred Angus, Louis Moore, Sherman Moore, James Thacker and J. W. Hurlbut.

Interment was in Eden Cemetery.

### Fingerboard

(News for week ending Oct. 31)

Several from here attended the W.A. rally at Seagrave on Wednesday last. Mrs. W. Mortimer from here gave the courtesy reply and Mrs. Andrew Nicholls introduced the speaker, Mrs. Mack of Lindsay. Mrs. Gordon Gillson Jr. is the group leader for 1968.

Mr. and Mrs. Andrew Nicholls called on Mr. and Mrs. Milton Weatherill of Bellamy on Friday.

Mr. David Stevenson spent a day near in the city due to the illness of Mrs. David Stevenson.

## Wedding

## Madill - Billings

Gooderham (PNS) — Gooderham United Church was the setting when Ruth Mary Billings, daughter of Mr. and Mrs. Gordon Billings, of Gooderham, exchanged wedding vows with Robert Edward Madill, son of Mr. and Mrs. Walter Madill, Gooderham on Saturday, Sept. 26, 1968 at 7:30 p.m.

Given in marriage by her father, the bride chose a floor-length gown of white in rayon lace and nylon net. The lace bodice was embroidered with cup sequins and pearls. At both front and back the lace continued to a deep point and from there a bouffant skirt of net over satin. A bridal tiara held the full length veil of white nylon net with rayon embroidered design. She carried a bouquet of red roses and lilies of the valley with fern.

Rev. Masom of the Anglican Church of Kimnour officiated at the double ring ceremony. The best attendants were Mrs. Dawson MacDuff, sister of the groom. She wore a two-piece yellow of nylon over rayon-tafeta. The full skirt was tiered. The dress bodice was embroidered with sequins and diamond pearls. She carried a bouquet of mums and was matching her. Mrs. Howard Hill, cousin of the bride wore a beautiful balerino length pink gown with matching headpiece.

Helen Billings, little daughter of Mr. and Mrs. Charles Billings of Tory Hill, was flower girl, looking sweet in her white nylon dress.

Mrs. Dawson MacDuff of Toronto was pianist. Mr. Howard Hill, Gooderham was usher.

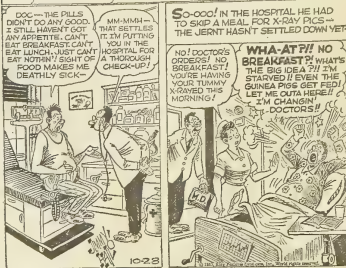

After the wedding a large reception was held in the Skyway Ballroom. The bride and groom received in a blue boucle suit, black accessories and pink corsage. The groom's mother chose a figured dress in a car accident, near Strathford.

For travelling the bride wore a blue suit with pink corsage and matching accessories. The bride and Mrs. Madill, who were the recipients of many beautiful gifts will reside in Dryden, Ont.

## They'll Do It Every Time

## Omemece

Mr. Robert Wallace, Toronto Dominion Bank manager here for some years is being transferred to Toronto soon amid the regrets of many local folk. He has been active in local organizations and the Wallace family, Mrs. Wallace and four children, are making many friends here.

The many friends of Mr. R. Wallace wish him speedy recovery following an operation, also to Mrs. Robert Wallace, convalescing from an operation for appendicitis.

Best wishes are extended to Mr. and Mrs. Hetherington (see Katherine Rannon) married here on Saturday.

Mrs. Robert Ruth, an elderly lady, is in serious condition after falling and fracturing her thigh, on Friday.

Sympathy is extended to Mrs. Carnegie on the loss of her mother.

A blue suit with pink corsage and matching accessories. The bride and Mrs. Madill, who were the recipients of many beautiful gifts will reside in Dryden, Ont.

The best wishes of the community go with them.

## TWO N.H.L. GAMES

The National Hockey League has two games on tap—Detroit at New York and Toronto at Chicago, 2-1. The American League marks time on Wednesday. Last night Quebec defeated Montreal, 3-2.

## MONTREAL AT KINGSTON

In Eastern Professional Hockey League action today Montreal is at Kingston and St. Louis is at Sudbury. In yesterday's game Hull-Orleans won Three Rivers 4-2 at Hull-Orleans.

## COACH WILL BE RELEASED

Coch Douglas Walker, and general manager Gordon Kennedy will be released by the Montreal Alouettes at the end of the Big Four football season. Walker has another year to go in his contract with the Alouettes. The club is expected to make a settlement with Walker regarding his uncompensated time. Walker is then scheduled to become a scout for the National Football League. He is also reported to be interested in the head coaching job of the Toronto Argonauts. Kennedy is the vice president, and holds about \$25,000 worth of controlling stock in the Alouettes. He has held the general-manager position for three years.

## ADD SEVEN TO ROSTER

The San Francisco Giants have added seven players to their roster and dropped three, all in deals with the Tacoma farm team in the Pacific Coast League. The Giants brought up third baseman Ben Valenzuela, outfielders Bob Perry and John Weck along with pitchers Don Choate, Charlie Davis, Julio Uvarro and Berle Tiefenbacher. Sent down were outfielders Dusty Rhodes and Don Tausig and pitcher John Fitzgerald.

## SOLID FAVOURITE

Second ranked lightweight Kenny Lane moves up one division and is a solid favourite over ex-welterweight champion Virgil Kinsight tonight at Washington. Lane, who lost a close decision in a title battle with lightweight champion Joe Brown, is confident he can do better in the 147-pounder. Lane, a southpaw, is the boxer, Alkali the slugger.

## Sports College "Get Fit" Programme Rated Success

Two years ago, after completing a survey of the fitness of Canadians in which large national representative groups of youngsters, teen agers and adults were tested and subjected to careful questioning, Sports College began a campaign to make Canadians aware of their low fitness level and the hazards to health, efficiency and enjoyment of life the low standards recorded in the study represented.

With the co-operation of newspapers, magazines, radio and T. V. and the full utilization of Sports College media as the national B.C. Sports College sports program, speeches, booklets, clinics and films, 200,000 requests for information were received as a result of the Canadian public. The educational campaign conducted by Sports College was augmented from time to time by statements from prominent medical authorities regarding the role a lack of physical fitness and regular activities was playing in many health problems, both physical and mental.

A tremendous impetus was given to the program when Prince Philip, a speech to the Canadian Medical Association, expressed concern with the established low fitness standards of Canadians.

In its attempt to awaken Canadians to the need for fitness and the dangers of

low fitness levels, Sports College conducted over 100 national radio broadcasts, 41 national newspaper releases, prepared 11 articles for national magazines, gave 194 speeches, conducted 47 clinics, published 19 booklets, bulletins and pamphlets, of which 900,000 were distributed, appeared on TV feature interviews, produced and distributed two films devoted to fitness education, dealt with thousands of letters asking for specific information and distributed over 1,000,000 catalogues describing material Canadians could get to improve fitness and exhorting them to start a fitness program. As many as 22,000 requests for information were received from single newspaper and magazine articles appearing in the past two years.

Sports College estimates that in the two year campaign the "Get Fit" program message reached at least 7,000,000 Canadians.

Many areas of specific fitness promotion was with clubs, organizations, associations, etc. In covering this very important field Sports College in the past two years has provided more than 1000 groups, clubs and associations with fitness testing and activity programs.

## Fenelon High Activities

Fenelon Falls (PNS)—With the advent of construction workers this past week, work got underway on the new addition. The excavations are already completed and forms are up for the foundation. We are looking forward to a swift completion of the eight new classrooms to relieve the crowded conditions.

On Saturday, Oct. 17th, a soccer team went to Lakefield to participate in an inter-school meet in which Hamilton carried off top honors.

Our girls' junior and senior volleyball teams went to Lindsay on Wednesday, Oct. 13. The Lindsay girls won both games taking the junior game 4-0, and the senior game, 16-12. However, as this was our first game of the year, we expect an improvement in our score when the Lindsay girls return the visit in a week or so.

Everyone is cordially invited to our Commencement Exercises which will be held in the High School Auditorium on early November. We hope to see you then.

## Haliburton

(News for week ending Oct. 31)

Mr. and Mrs. Stanley Parish arrived home on Saturday after they and a party of friends and loved ones returned from B. C. and visited points of interest.

Mr. and Mrs. Brian Stinson of Eagle Lake, were visitors in Lindsay on Saturday.

Mr. M. G. Bailey of Toronto was home for the weekend.

Mr. and Mrs. Roy Neville of Lindsay were called home owing to the passing of his father, Mr. Charles Neville.

Mr. Albert Madill of Lindsay attended the funeral of his brother, the late John Madill, on Saturday.

Mr. and Mrs. McGee of Gooderham were in Eagle Lake on Saturday, attending the funeral of the late Mr. John Madill.

Mr. and Mrs. Harold Ellis left on Monday for Sudbury in the interests of the Rotary Club.

One sample of the interest in the Sports College "Get Fit" campaign aroused was the 28,000 requests from parents for fitness programs for their children in the 2 weeks following the publication of the results of the low fitness standards of Canadian children. The following uncovers a definite flexibility lack in the legs and lower back—published as "TV Legs".

## Gooderham

(News for week ending Oct. 31)

With the first fall of light, most of the leaves are already falling, nevertheless they were a glow of flame during the recent visit.

Recent visitors were Mr. and Mrs. Ira Madill and family, St. Catharines, Mr. and Mrs. McKague, and family, Cobourg, Mr. and Mrs. Merle Mintz and Joan, Toronto, Mr. and Mrs. Nanacke and family, Severn Bridge, Miss Vernon Wait, Toronto, Mrs. Storey, Highland Grove, Mrs. J. R. Walker and son, George, Toronto, Mr. and Mrs. Robbins, Tilsonburg.

Thanksgiving services were observed in the churches here. There were decorations with autumn leaves and there was plenty of fruit and vegetables, etc., in keeping with the occasion.

Mr. C. Dawson is in charge of the United Church. The Junior choir sang "Can a Little Child Like Me, Thank The Father Fitfully".

At the Pentecost Mission where Mr. E. Mintz is pastor the services were in charge of Mr. Stan and Mr. and Mrs. Linghurst of Jamaica. In the evening slides of the work done there were shown. At 5:30 p.m. Stan demonstrated in his cowboy outfit and sang beautiful hymns with the guitar.

Sympathy is extended to the Prentice family of Minden in the accidental passing of Jack Prentice and also to the Jolliffe family of Toronto whose son, in a car accident, near Strathford.

The first Friendship Circle was held at the home of Mrs. Thos. Dowell. A very pleasant afternoon was spent. Lunch was served.

Our Avon Lady, Mrs. Patricia Mintz, who had an accident with her car is again making the rounds. Her son Blair suffered a fractured rib.

Mr. Orval Hartin is home enjoying good health again for which his friends are pleased.

## FACTS FOR FARMERS

Some news of special interest to our farm subscribers

## How To Save Your Life

## With Lights

Shorter days and the rush of late fall may mean that a lot more farmers are going to head for their fields before sunrise and return after dark. It means that many of you will be driving tractors and equipment during hours of poor visibility.

"Too often this equipment is poorly lighted," says Hal Wright, safety specialist with the Ontario Department of Agriculture. "Our first quarter results of the Farm Accident Survey showed that there were many accidents that were attributed to poor lighting. Apparently inadequate lighting and slow movement make dangerous combination."

Wright says: "Farm vehicles on highways should be clearly seen at 500 feet, which means lights should be turned on in snow, fog, rain, darkness and under any conditions that affect normal visibility."

He suggests mounting one green clearance light to the extreme front of the tractor or a level implement, and one red clearance light to the rear. In addition, two red lamps should be displayed to the rear of the combination or one red light and two reflectors to the rear.

"Most new tractors are equipped with electric lighting systems, and the implements that they tow are equipped with mounting brackets on which to put your warning light," says the safety expert. "The Department of Highways requires every farm tractor to be equipped with 2 approved single-lens or multiple-lens headlights to the front. And it must have one rear red light that's visible 500 feet from the rear."

What about self-propelled implements with their own lighting systems? They also require 2 red lights or 1 red lamp and 2 red reflectors to the rear, and 2 headlights at the front as for other vehicles.

"These lights and reflectors warn traffic there's a potential hazard ahead," he points out. "Be sure to position them not more than 6 inches from the edge of the implement so that they show from the front and the rear the widest part of the vehicle. This presents a warning line in another vehicle."

## OBITUARY

## Mrs. W. A. Lawson

Oshawa, Ont. (PNS)

Private service was held here on Tuesday, for the late Mrs. Lawson, who died on Sunday at the home of her daughter, Mrs. Carnegie.

Interment was in Mount Lawn Cemetery, Oshawa.

She is survived by her husband, a former Toronto real estate broker, one son, Charles of Wilby; two daughters (Ellen, Mrs. Carnegie; Marjorie) Mrs. Heyland, Toronto; and one sister, Miss Swick, Oshawa.

## This Day

(United Press International)

Today is Wednesday, October 26th, the 30th day of the year, with 66 more days to follow in 1959.

The moon is approaching its new phase.

The morning star is Venus.

The evening stars are Mercury, Jupiter and Saturn.

On this date in history:

In 1836, Harvard College was founded.

In 1886, the Statue of Liberty was dedicated on Bedloe's Island in New York Harbor.

In 1910, the Volstead Act enforcing prohibition was passed over President Wilson's veto.

In 1922, black-shirted Italian fascists set out from Naples to begin their march on Rome, thereby bringing Benito Mussolini to power.

In 1929, losses on the New York Stock and Club Exchange exceeded 10-billion dollars.

In 1940, Italy invaded Greece.

In 1958, Italian Cardinal Angelo Giuseppe Roncalli was elected Pope of the Roman Catholic Church.

Here's a thought for this day: President Grover Cleveland said, "We will not forget that liberty has made our home, nor will we bar chosen after us over President Wilson's veto."

# Editorial

CONTINUED . . .

... it is recalled that on Saturday last we editorialized on the fact that there was every possibility that the current Kluksin Club musical county production could provide the nucleus for a new and better performing group in the town. This is a continuation of that subject.

During the past few days, we have talked with several Lindsay people who are increasingly concerned with the impending fate of the Academy Theatre, many of these show business in the town and keen of all many stage shows, amateur and professional. These people do not like the prospect of the theatre eventually being sold and converted to other purposes . . . They would like to see it continue as a theatre, an auditorium if you will, to be utilized to encourage more productions and to encourage stage acting in the town. Lindsay Under Producer George Zarfat, and for other community entertainments such as the Community Concerts Association series, which might well be extended to the benefit of all.

It has been suggested by those close to the situation that if a group of service clubs and women's organizations in the town, even the district, were to undertake to purchase and operation of the Academy, it could turn out to be a very popular venture.

That the theatre could become affiliated with the Little Theatre movement across Canada, is another idea which has been advanced for thought. Then, of course, there is the summer theatre potential which is not insignificant when the town's favorable location, tourist value, is considered.

The theatre's possible use as a arena for conventions and so forth has also been referred to.

One of the great aims of the theatre world, however, is to foster and encourage the growth of the amateur talent. We all recall the tremendous success which was enjoyed by the late 'Major Shows' which might be given by the father of an actor, and while thinking about this, some consideration might also be given to the fact that every future amateur talent is developed at a very low level, two to three years of training has been made in life . . . (1) the life of the individual is enriched by having been enabled to give public expression to talents which might otherwise have gone unrecognized and the ratings and the ratings of the community these various talents is greatly enhanced. In this connection we have only to think of the contribution such undertakings could possibly make to the expanding Lindsay Centre Exhibition.

Like all things with great potentiality for the betterment of the community, there is the need for vision and initiative. Have we vision? Do we possess the initiative to make the most of natural assets such as referred to herein? We believe we, as a town, do possess the initiative and the initiative to make the most of other quality so essential to advancing such ideas—leadership? Think it over.

## HOW WOULD YOU ANSWER THESE SPECIALTY QUESTIONS

### AS A CITIZEN OF LINDSAY?

Industrial development is a favorite subject with most people who are concerned about the growth of the town and who desire to see a full level of employment maintained in the town's people.

Is Lindsay overdeveloped—industry has already been located here and there, is it interested in re-locating or establishing outlets in other towns and cities?

Is the interest of industry is much greater than many people may imagine . . . It makes extensive use of various counties within the town to base an assessment of the industrial and civil climate of various communities. During the weekend of October 27-28, 1989, a survey team will be in the town to come in contact with a survey currently being carried out on Lindsay by a major industry and the exhaustive detail into which it is going, came as a surprise.

As a matter of interest, there are a few things the industry asks and we pass them along for your consideration. How, for example, would you answer such typical questions as:

- (1) Are present efforts to attract new industry consistent with community needs and orderly growth in terms of:
  - Labor Supply?
  - Available plant sites?
  - Municipal and utility services?
- (2) Is there a tendency for the young people to leave the community?
- (3) Would the failure of one industry or concern seriously cripple the local economy?
- (4) Are the community's industries dynamic and growing or are they static and declining?
- (5) Are there anxieties problems which might create growth problems for your business?
- (6) Do the community have one or more active well supported business-sponsored organizations which have accomplished tangible results toward improving the economic, social, and cultural life of the community?
- (7) Are all segments of the community's industry and commerce represented in these organizations.
- (8) Are building and land development rules such that they will enhance and retain the community?
- (9) Is an unfettered, easy-to-understand, explanation of how our business system operates being given to the needs of the community and its people?
- (10) What constructive groups, devoted to good government, are active in the community?
- (11) Do zoning laws adversely affect employers and business?
- (12) And so it goes . . . Searching questions which demand revealing answers upon which to assess the community.

Scoring ten points for each question above which you were able to answer as "being good in relation to the town's future" would mean a very good performance on the basis of your thinking about the town.

## Matters of special interest

### COUNTY MUTUAL FIRE AID FORUM

An important course at the Ontario Fire College is the County Mutual Fire Aid Forum. This is a five-day course open only to fire departments in Ontario. It is designed to bring such officers up to date in the latest developments in the Mutual Fire Aid Plans which are now in operation in all counties of Southern Ontario and in some districts of Northern Ontario.

Under this agreement sponsored by Fire Marshal Scott every fire department in a county or district now has immediate authority to help one another in the event of a major conflagration or an atomic attack. Previously it was not possible for a fire chief to help another municipality without first securing approval from his mayor or council. This not only could result in fatal delays, but the mayor or council might understandably refuse to weaken their municipality's fire protection to another town or district in the situation in a neighboring community. But under the Mutual Fire Aid Plan all of a county's or district's fire-fighting force is under the command of a County or District Fire Coordinator who is responsible for fire protection in every community under his jurisdiction. Consequently, the District Fire Coordinator can motivate most of his forces to mount an emergency in one community while judiciously maintaining some in reserve for contingencies in others.

In this regard the College is an integral part of the Muskoka District Fire Aid Plan which numbers 13 municipal fire departments. This October a special one-week training course will be held at the college for the fire departments in Muskoka. The course will be the evolution of the course of the town of Parry Sound. The course will ensure that the lessons carried out by all fourteen fire-fighting departments are similar. In every town and district, a fire chief can work in a co-ordinated manner under the immediate command of the fire chief of the municipality in which the fire is located.

The Mutual Fire Aid Plan was made possible by two improvements in Ontario's fire departments by Fire Marshal Scott. The first is standardized couplings for hoses, now called "standard couplings." The second is the merging of their resources, previously the fire departments had 168 various-sized threads in their hose couplings and 207 different operating nuts in fire hydrants which could not be used interchangeably. The second improvement is that the fire department officers are now standardized fire-fighting procedures to supplement and complete the field training carried on by the F.M.O. Fire Services Division.

In addition to its courses the College demonstrates if new equipment is of any value to Ontario's fire departments. One, presently, is the use of water in firefighting. Plastic hoses are also being tested to determine if they are better than the regulation cotton cloth, rubber-lined hoses. Plastic hoses are not so easily affected by mildew and acids and difficult in cold weather to such an extent they are difficult to handle. Preliminary testing indicates that plastic hoses are a definite improvement over cotton hoses. In cold weather, do not wear out as rapidly as the regulation type and are not affected by mildew, oils and acids, as well as being lighter and more flexible.

#### A FORESIGHT OF CONSEQUENCES

One of the problems of our society's increasing attention has been given recently by our industry is that of juvenile delinquency. In spite of the fact that "everyone knows" the cause of, and the cure for, this problem, we actually do not know very much about it, for little scientific study has been given to this matter.

I want to tell you tonight about the partial results of one investigation of this problem, but because it explains the whole of this problem, but because it illustrates a human frailty about which we, at this particular time, are all too ready to forget.

Some years ago, a researcher with whom I was acquainted, told me of an interesting difference between delinquents and non-delinquents, he found a consistent difference. This researcher said that in testing hundreds of delinquents and non-delinquents, he found a consistent difference in what he called "ability to postpone gratification." In a series of experiments he found that the teenagers he was testing "they can have one chocolate bar now, or they will give you one free ticket to a movie now, but if you wait until tomorrow, I will give you two tickets to two different movies." Rather consistently, the delinquent boys and girls would choose the immediate reward, and the non-delinquents would choose to wait and secure the larger reward. The precise reason, for this inability to delay gratification is not easy to explain. In some cases, the delinquents would choose a lack of foresight of consequences—the lack of an ability to see the future consequences of present activity—but in many cases it was simply an inability to control immediate impulse or desire.

Now you will perhaps know that there is a group in our society which approves this surrender to the immediate pleasure. This is the group which we call "cool" individuals who in their more hard days argue that given the hydrogen bomb, the fact of impending death, the superficiality of personal relations, one must seize the moment and enjoy it to the full. Postponement of gratification, purpose in life and living, long term goals, personal development, are the Bontkins attributes of the group which we call "cool" individuals.

I do not need to tell you that I think this is a very foolish and very dangerous attitude. I would not recommend the opposite practice—those represented by the miser who becomes obsessed by the future and perpetually puts off enjoying life until he is dead. But to surrender consciously to the present, without regard to future consequences, suggest a lack of intelligence and self-discipline which must inevitably lead to mental and spiritual catastrophe. This is what Huxley says, "Perhaps the most valuable result of all education is the ability to make yourself do the thing you do not want to do, for when it's over, whether you like it or not . . . far too few of our young people

## Turning Back The Calendar

THURSDAY, OCTOBER 22

This date 25 years ago in Kimmatt, a truck which was climbing a steep hill, in some mysterious way, slipped into reverse and slid backwards down the hill. It vaulted over an elevated driveway, between a garage and the bridge. Gaining speed as it went down the hill, it slid into a ditch, and then crashed and splashed into the river. A large boom stick which had been tied to the end of the bridge to keep logs separated from the floodwood, stopped the truck half way on its upward journey and saved the driver from being drowned.

have this capacity. And while the home and the school can be blamed in part, the real culprit is the individual himself, who, with reason and will at his command, must accept responsibility for his own acts.

—Murray G. Ross, Vice-President, University of Toronto, addressing a graduating class.

An indication of the appeal of color advertising was recently brought home to a bank loaned at Atlanta. Conducting a survey on a home loan said it was finding, the bank found that more than 50 per cent of people read their ad when it appeared in color as compared to those who read it when it appeared in black and white. Certified News.

### UNIFIED ACTION BRINGS SUCCESS

It is a truism that industry's provisos have suffered the fate in this slide, fast-talking, age of becoming platitudes—which is platitudinous in itself.

But the words "A house divided against itself cannot stand" are as true today as they were in 1794. The association of people fighting for its just rights, they are specially important.

The time is past, if it ever existed, when a public servant could sit back and negotiate fair working conditions for himself. The Civil Service system in operation whereby the Government lumps together its employees in "classifications" automatically decrees that one class is better than another. Being a step further, it is natural that classifications should pool their efforts if their interests coincide.

The present classification with salaries and conditions is coincident in every branch of the service. Thus, the only way to improve these conditions is by unity of effort.

The forest ranger in Kapuskasing may feel that he has little in common with the medical specialist in Toronto, but he may rest assured that his dissatisfaction is no less than that of the medical specialist. And he must understand that to better his condition, he must take his stand alongside the specialist to present a united front to the employer which, it must be accepted, is determined to resist any change in his conditions of work to do so. The specialist in turn, must stand by the forest ranger.

The Civil Servants Association is that unified force which correlates, welds together, and fights against the just rights of Ontario civil servants throughout the Province. It must be supported by the present members and an increased membership participation, fully in Association business.

The opportunity comes in November for each member to play his part in Association business by electing the person who will speak for him or her at the annual meeting. It is not enough that a small vociferous group be given the opportunity to speak for its own ends, but that the majority of delegates, that way, the principle of unity of action is destroyed. Each member must be given the opportunity to speak for his own ends, but that the majority of delegates, that way, the principle of unity of action is destroyed. Each member must be given the opportunity to speak for his own ends, but that the majority of delegates, that way, the principle of unity of action is destroyed.

To end with another platitude—if you do not speak you cannot be heard.—The Trillium

### REHABILITATION IS BETTER

When addressing a group of juvenile and family court judges recently, the Attorney-General for Ontario said that he would press for government action to amend the law so that the courts could impose a three-month jail sentence on "hardcore drug dealers." He said that these punitive jail sentences are not doing much good, but that the courts are adding to the expense of the taxpayer for keeping drunks in custody indefinitely.

This official recommended a program of rehabilitation rather than jail sentences as an answer to the problem. He pointed out interestingly that the law is not a jail offence under the criminal code, unless accompanied by something objectionable, such as creating a disturbance or contributing to juvenile delinquency.

He emphasized he was not minimizing the alcoholism problem, but said the act now provides no means for treatment of the alcoholic. Paragraphs should have greater powers for committing and sending such individuals for treatment, he said.

The suggestion of a humane one, and should be considered.—The War Cry.

### NEW APPROACH

A new approach to municipal-industrial relations is being put forward by the Lake Ontario Regional Development Association, with headquarters in Peterborough.

The Association is launching an "Industrial and Municipal Relations Conference" to be held in Peterborough on Nov. 28. It is expected that 1,200 individuals from out to leaders of industry and municipal representatives of the Lake Ontario Development Region, standing and co-operating in the future of the region.

—Ontario Government Services

Philosopher William Faith, might have added: "And it's the 'Beckett News Letter' which will know they are says." It seems impossible for wrong who put up the greatest some people ever in concrete resistance to admitting such that they might be wrong." He, the case."

## Florida Grapefruit Back In Town

Florida's all season grapefruit is now in stores cutting cost, but even if you can't afford it, you may want to try it. Florida's all season grapefruit is now in stores cutting cost, but even if you can't afford it, you may want to try it. Florida's all season grapefruit is now in stores cutting cost, but even if you can't afford it, you may want to try it.

Everyone will love grapefruit if you make it easy to get the greatest season. It is not around either outside edge of fruit. Here's how to do the four variations shown:

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

Stonable grapefruit half with 1 tablespoon sugar and a dash of cinnamon. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes. Peel, cut in half, remove seeds, leaving fruit in half. Boil about 15 to 20 minutes.

# Ops couple see mystery in the heavens

## Roxy-hued object climbs slowly into the night sky starting at the eastern horizon

What was it? ... Space ship? ... satellite, junk or a good old-fashioned flying saucer? The answer to that question is one which is eluding Mr. and Mrs. J. McColl, R. R. 2, Lindsay.

The question would never have arisen if Mrs. McColl hadn't awoke in the night to see how the children were faring, and not even then if she hadn't glanced to the east of an east window the McColl home located three miles west of Lindsay.

Recalling the remarkable sight which greeted her eyes when she looked towards the east, Mrs. McColl says she saw what appeared to be an object slightly smaller than a full moon, rising gradually above the horizon. ... It was very "bright and took on a rosy hue at the time," she recalled, "and we gradually subsided as the object mounted in the sky."

Hardly believing her eyes, Mrs. McColl awakened her husband who shared the sight of the phenomenon with her until the object of their interest

## Work force on hospital, numbers 81

The work force presently engaged on the new extension to the Ross Memorial Hospital, numbers 81. It was disclosed at last week's meeting of the board of Governors of the hospital.

A progress report was given by the general contractor read to the members revealed that the pipe tunnel to the new hospital addition is well completed and that on the third of the second floor slab have been poured.

The report stated the general contractor expects to have the boiler and laundry room additions completed and the new boiler in operation by the middle of December. The glazing in these additions has been completed, also the life partitions on both floors of the middle of December.

New Equipment Delivered

During the course of Thursday night's meeting Col. R. I. Stevenson, president of the hospital, reported that the new equipment for the laundry had been delivered to the hospital. He stated that the ability the equipment will be damaged before it's installation if it is left lying around."

Chairman E. M. Gregory said the equipment was being stored, "it is fully protected from the weather," he added. The chairman said there would not be too much delay before the installation of the equipment took place.

## RMH Surplus For September

The Ross Memorial Hospital earned a net surplus of \$300 for the month of September. It was disclosed at the monthly board of Governors meeting held Thursday.

It was pointed out by P. J. Moore, that the operating surplus for the month was \$1,328, and that the total surplus for 1967 of that amount. The surplus for 1968 was \$1,307, the operating period of 1968 was \$1,307.

## Child, six, fractures arm in tumble

Mrs. D. Carson, aged six of R. R. 1, Janville, was rushed to hospital in Lindsay early Wednesday evening after suffering a fractured right forearm in a fall at her home.

The young girl was given a plaster cast and is being allowed to return home.

## Conditional Satisfaction

The local authorities at the Ross Memorial Hospital disclosed this morning the condition of Alexander Sandy Lo, 17, 57 Albert St., Lindsay is satisfactory.

Mr. Logan was admitted to hospital after suffering from a fractured right leg and a dislocation of the right foot. The accident occurred when he was held up operating a power saw at his home.

## Thomas Cruickshanks

Haliburton (PNS)—Mr. Thomas Cruickshanks, passed away at the age of 84, after a short illness, although he was not in the best of health for some time.

He was a grand old gentleman and lived on the farm called the village of Haliburton.

The family have no close relatives here and he was mourned his loss two sons, Gordon and Clayton, both of Haliburton.

The funeral was held from St. George's Anglican Church on Saturday afternoon, Oct. 3, the service was in charge of Rev. Mr. Taylor. Interment was made in the Haliburton Evergreen Cemetery.

## Bride and Groom of 45 years

On Saturday, September 19th, Mr. and Mrs. Garfield Heath, celebrated their 45th anniversary.

They were married in Toronto by Rev. W. Watson, and have lived their life in Little Britain.

Mr. Heath was born in the late Mr. and Mrs. Wm. Heath and served the farmers for many years as a thrasher.

Mrs. Heath was born at Oakwood and was the daughter of the late Mr. and Mrs. Geo. Svaline.

They are both in good health and take an interest in community affairs. Mr. Heath was a hockey and ball player for many years. He was on the team that won the League Championship at Penfold Falls 1913-1913 season.

## Milk transport action dismissed by Supreme Court

An action brought against the CNR by Mr. C. D. Willis, owner of Willis Milk Transport, against Strathroy, Ontario, was dismissed Wednesday by the Supreme Court now sitting in Ottawa.

The action resulted when Mr. Beverley Johnston, 56 Glenora Street West, Lindsay, was driving a milk transport west on county road 27 and the vehicle collided with a freight train at the crossing.

The accident, which took place on the afternoon of March 12, 1966, resulted in Mr. Johnston being admitted to the hospital with a fractured skull. The milk truck, fully-loaded at the time of the accident, was heavily damaged as a result of the collision.

One of the key factors to the case was that of trying to establish whether or not the train and sounder were operating properly when approaching the crossing.

The dining room table was covered by a three-sided array of candles, and a piece of the happy occasion.

At 5:30, the family and guests were seated for dinner. The happy couple were the recipients of many lovely gifts and cards.

Guests were present from Toronto, Lindsay, Oakwood and Valence.

## Kinsmen Band Notes

### Bandmaster attends convention and gets good press

Bandmaster Frank E. Bazko, who recently attended the bandmaster's convention held in London, Ont., reports that the Kinsmen Band of Lindsay, Ontario and Quebec were present. Because of the consideration given to the bandmasters, chapters are constantly being formed right across Canada. From British Columbia to the newest one in Nova Scotia. F.O. Birch, Hunt, well-known to Lindsay, is now in the adjudication at the music festivals, as well as for the A.P. Band national president of the organization.

During the day, Captain Martin Boudry and the C.N.E. A.S.C. Band played several selections for hours and read competitors to be held next year at the C.N.E. The competing bandmasters, listening carefully to each selection, decide on the one they prefer to be used as the "winning number."

All the members of the band concert given in the afternoon by Lt. Huat and the RCAF band, assisted by the Royal Canadian Mounted Police Band, directed by Capt. Pucelli, drew a large crowd and a large number of spectators.

## Penel students enjoy

### Mediscue '59'

Grade 12 and 13 of Penel High School attended the Mediscue '59' at the Lindsay High School. The event was held at the C.N.E. grounds on Wed. Oct. 14th. It was a very successful affair and the students enjoyed the evening very much.

Some of the larger and more interesting displays were:

- Surgery showing how a patient is cared for during an operation.
- Pathology: a behind-the-scenes story of a hospital in the pathology laboratory.
- Birth of a Baby: telling the story of birth from the time of conception to delivery.
- Year Health explaining how this amazing organ functions and how it works.
- Cancer Cytology: a circular mural telling the story of cancer and how some cases are cured.

## Special guest at Salvation Army Home League

The theme of last week's meeting was "Harvest" and it was opened with singing of "My Hope is Built." The choir, Mrs. Capt. Stevens, stressed the need to be "Rooted and Grounded in Christ" and Mrs. L. Robertson led in prayer that this might be so in the life of each one present.

The special guest, Mr. J. W. Sidle, a local minister, read the scripture Ps. 1 was read responsively by Mrs. C. W. Sidle.

Special guest, Mr. Ian Stevens, who is a resident at Hudson Hall for the blind in Lindsay, spoke of the "Wonderful Air" on the piano accordion with much feeling and expression.

Mr. J. W. Sidle, a local minister, read the scripture Ps. 1 was read responsively by Mrs. C. W. Sidle.

Special guest, Mr. Ian Stevens, who is a resident at Hudson Hall for the blind in Lindsay, spoke of the "Wonderful Air" on the piano accordion with much feeling and expression.

## New Organization of the combination of WMS and WA

Bobayson (PNS)—The October meeting of the Women's Association of Trinity United Church was held at the home of Mrs. Bruce and Mrs. Morrison.

After a prayer offered by Mrs. Morrison, the theme song was sung and the Lord's Prayer repeated in union.

The minutes of the previous meeting were read and approved, correspondence was presented and the roll called.

The treasurer, Mrs. Morrison, reported showing all bills paid.

The rally at Cambray was discussed and unfortunately the rally was not attended by many members to attend. The secretary was asked to send a report on the year's work to the rally officers to be read at the rally.

Visits made to the hospitals during the month totalled four and to homes six.

The November meeting which will be in charge of Mrs. W. Coulter and Mrs. H. Kennedy will be held at the parsonage.

The Committee for the Christmas Bazaar are the same as last year. Everyone to make lists with prices in the next few weeks. Final arrangements will be made at the next meeting.

## Leaving area couple receive many gifts

Woodville (PNS)—A large crowd gathered in Riverview School to honor Mr. and Mrs. G. W. Moore on their 45th anniversary. They have moved to Beaverton.

The evening's programme opened with pictures of the happy couple.

Mr. Grant Morrison, following this, Mr. Harold Meyers asked Mr. and Mrs. Moore to the front, while he read the following address:

Dear Mr. and Mrs. Moore:

We are happy this evening to have the opportunity of extending to you our best wishes for the future in your new home in Beaverton.

We regret that you have left our community, but rejoice that you are going to a new home where you will have many years of retired life with more ease, which you, both, so greatly deserve.

You have lived among us for many years. Your help in this community has always been a great asset and we greatly appreciate your friends.

We do not always have a chance to choose our neighbors, but had we had that chance we couldn't have chosen any better. It has been a pleasure to have you as good neighbors.

To have one of life's richest treasures," We know that which will be in charge of Mrs. W. Coulter and Mrs. H. Kennedy will be held at the parsonage.

The Committee for the Christmas Bazaar are the same as last year. Everyone to make lists with prices in the next few weeks. Final arrangements will be made at the next meeting.

Dear Mr. and Mrs. Moore:

We are happy this evening to have the opportunity of extending to you our best wishes for the future in your new home in Beaverton.

We regret that you have left our community, but rejoice that you are going to a new home where you will have many years of retired life with more ease, which you, both, so greatly deserve.

You have lived among us for many years. Your help in this community has always been a great asset and we greatly appreciate your friends.

We do not always have a chance to choose our neighbors, but had we had that chance we couldn't have chosen any better. It has been a pleasure to have you as good neighbors.

To have one of life's richest treasures," We know that which will be in charge of Mrs. W. Coulter and Mrs. H. Kennedy will be held at the parsonage.

The Committee for the Christmas Bazaar are the same as last year. Everyone to make lists with prices in the next few weeks. Final arrangements will be made at the next meeting.

## Leaving area couple receive many gifts

Woodville (PNS)—A large crowd gathered in Riverview School to honor Mr. and Mrs. G. W. Moore on their 45th anniversary. They have moved to Beaverton.

The evening's programme opened with pictures of the happy couple.

Mr. Grant Morrison, following this, Mr. Harold Meyers asked Mr. and Mrs. Moore to the front, while he read the following address:

Dear Mr. and Mrs. Moore:

## Prof. T.V. Lord Dies was metaterallyy head

The death occurred at Kingston General Hospital, Oct. 26, 1968 of Prof. Theodore V. Lord, head of the department of metallurgy at Queen's University from 1938 until his retirement this year. He was in his 65th year and had been in ill-health for some time.

Born in Grafton, Prof. Lord was a son of the Rev. and Mrs. C. S. Lord. After attending secondary schools at Penfold Falls and Lindsay, he received his B.Sc. from the University of Toronto in 1914. He joined the Canadian Forces in 1916 as a private and served in the 1918-1919 campaign in France. He was promoted to the rank of sergeant and was awarded the Military Cross for gallantry in the field.

After the war, he continued his education at the University of Toronto, where he received his M.Sc. in 1920 and his Ph.D. in 1922. He then worked for the Canadian Forces in the metallurgy department from 1922 to 1928. He was then employed by the Consolidated Mining and Smelting Company in British Columbia from 1928 to 1938. He was then employed by the Canadian Forces in the metallurgy department from 1938 to 1940. He was then employed by the Canadian Forces in the metallurgy department from 1940 to 1942. He was then employed by the Canadian Forces in the metallurgy department from 1942 to 1944. He was then employed by the Canadian Forces in the metallurgy department from 1944 to 1946. He was then employed by the Canadian Forces in the metallurgy department from 1946 to 1948. He was then employed by the Canadian Forces in the metallurgy department from 1948 to 1950. He was then employed by the Canadian Forces in the metallurgy department from 1950 to 1952. He was then employed by the Canadian Forces in the metallurgy department from 1952 to 1954. He was then employed by the Canadian Forces in the metallurgy department from 1954 to 1956. He was then employed by the Canadian Forces in the metallurgy department from 1956 to 1958. He was then employed by the Canadian Forces in the metallurgy department from 1958 to 1960. He was then employed by the Canadian Forces in the metallurgy department from 1960 to 1962. He was then employed by the Canadian Forces in the metallurgy department from 1962 to 1964. He was then employed by the Canadian Forces in the metallurgy department from 1964 to 1966. He was then employed by the Canadian Forces in the metallurgy department from 1966 to 1968. He was then employed by the Canadian Forces in the metallurgy department from 1968 to 1970. He was then employed by the Canadian Forces in the metallurgy department from 1970 to 1972. He was then employed by the Canadian Forces in the metallurgy department from 1972 to 1974. He was then employed by the Canadian Forces in the metallurgy department from 1974 to 1976. He was then employed by the Canadian Forces in the metallurgy department from 1976 to 1978. He was then employed by the Canadian Forces in the metallurgy department from 1978 to 1980. He was then employed by the Canadian Forces in the metallurgy department from 1980 to 1982. He was then employed by the Canadian Forces in the metallurgy department from 1982 to 1984. He was then employed by the Canadian Forces in the metallurgy department from 1984 to 1986. He was then employed by the Canadian Forces in the metallurgy department from 1986 to 1988. He was then employed by the Canadian Forces in the metallurgy department from 1988 to 1990. He was then employed by the Canadian Forces in the metallurgy department from 1990 to 1992. He was then employed by the Canadian Forces in the metallurgy department from 1992 to 1994. He was then employed by the Canadian Forces in the metallurgy department from 1994 to 1996. He was then employed by the Canadian Forces in the metallurgy department from 1996 to 1998. He was then employed by the Canadian Forces in the metallurgy department from 1998 to 2000. He was then employed by the Canadian Forces in the metallurgy department from 2000 to 2002. He was then employed by the Canadian Forces in the metallurgy department from 2002 to 2004. He was then employed by the Canadian Forces in the metallurgy department from 2004 to 2006. He was then employed by the Canadian Forces in the metallurgy department from 2006 to 2008. He was then employed by the Canadian Forces in the metallurgy department from 2008 to 2010. He was then employed by the Canadian Forces in the metallurgy department from 2010 to 2012. He was then employed by the Canadian Forces in the metallurgy department from 2012 to 2014. He was then employed by the Canadian Forces in the metallurgy department from 2014 to 2016. He was then employed by the Canadian Forces in the metallurgy department from 2016 to 2018. He was then employed by the Canadian Forces in the metallurgy department from 2018 to 2020. He was then employed by the Canadian Forces in the metallurgy department from 2020 to 2022. He was then employed by the Canadian Forces in the metallurgy department from 2022 to 2024. He was then employed by the Canadian Forces in the metallurgy department from 2024 to 2026. He was then employed by the Canadian Forces in the metallurgy department from 2026 to 2028. He was then employed by the Canadian Forces in the metallurgy department from 2028 to 2030. He was then employed by the Canadian Forces in the metallurgy department from 2030 to 2032. He was then employed by the Canadian Forces in the metallurgy department from 2032 to 2034. He was then employed by the Canadian Forces in the metallurgy department from 2034 to 2036. He was then employed by the Canadian Forces in the metallurgy department from 2036 to 2038. He was then employed by the Canadian Forces in the metallurgy department from 2038 to 2040. He was then employed by the Canadian Forces in the metallurgy department from 2040 to 2042. He was then employed by the Canadian Forces in the metallurgy department from 2042 to 2044. He was then employed by the Canadian Forces in the metallurgy department from 2044 to 2046. He was then employed by the Canadian Forces in the metallurgy department from 2046 to 2048. He was then employed by the Canadian Forces in the metallurgy department from 2048 to 2050. He was then employed by the Canadian Forces in the metallurgy department from 2050 to 2052. He was then employed by the Canadian Forces in the metallurgy department from 2052 to 2054. He was then employed by the Canadian Forces in the metallurgy department from 2054 to 2056. He was then employed by the Canadian Forces in the metallurgy department from 2056 to 2058. He was then employed by the Canadian Forces in the metallurgy department from 2058 to 2060. He was then employed by the Canadian Forces in the metallurgy department from 2060 to 2062. He was then employed by the Canadian Forces in the metallurgy department from 2062 to 2064. He was then employed by the Canadian Forces in the metallurgy department from 2064 to 2066. He was then employed by the Canadian Forces in the metallurgy department from 2066 to 2068. He was then employed by the Canadian Forces in the metallurgy department from 2068 to 2070. He was then employed by the Canadian Forces in the metallurgy department from 2070 to 2072. He was then employed by the Canadian Forces in the metallurgy department from 2072 to 2074. He was then employed by the Canadian Forces in the metallurgy department from 2074 to 2076. He was then employed by the Canadian Forces in the metallurgy department from 2076 to 2078. He was then employed by the Canadian Forces in the metallurgy department from 2078 to 2080. He was then employed by the Canadian Forces in the metallurgy department from 2080 to 2082. He was then employed by the Canadian Forces in the metallurgy department from 2082 to 2084. He was then employed by the Canadian Forces in the metallurgy department from 2084 to 2086. He was then employed by the Canadian Forces in the metallurgy department from 2086 to 2088. He was then employed by the Canadian Forces in the metallurgy department from 2088 to 2090. He was then employed by the Canadian Forces in the metallurgy department from 2090 to 2092. He was then employed by the Canadian Forces in the metallurgy department from 2092 to 2094. He was then employed by the Canadian Forces in the metallurgy department from 2094 to 2096. He was then employed by the Canadian Forces in the metallurgy department from 2096 to 2098. He was then employed by the Canadian Forces in the metallurgy department from 2098 to 2100. He was then employed by the Canadian Forces in the metallurgy department from 2100 to 2102. He was then employed by the Canadian Forces in the metallurgy department from 2102 to 2104. He was then employed by the Canadian Forces in the metallurgy department from 2104 to 2106. He was then employed by the Canadian Forces in the metallurgy department from 2106 to 2108. He was then employed by the Canadian Forces in the metallurgy department from 2108 to 2110. He was then employed by the Canadian Forces in the metallurgy department from 2110 to 2112. He was then employed by the Canadian Forces in the metallurgy department from 2112 to 2114. He was then employed by the Canadian Forces in the metallurgy department from 2114 to 2116. He was then employed by the Canadian Forces in the metallurgy department from 2116 to 2118. He was then employed by the Canadian Forces in the metallurgy department from 2118 to 2120. He was then employed by the Canadian Forces in the metallurgy department from 2120 to 2122. He was then employed by the Canadian Forces in the metallurgy department from 2122 to 2124. He was then employed by the Canadian Forces in the metallurgy department from 2124 to 2126. He was then employed by the Canadian Forces in the metallurgy department from 2126 to 2128. He was then employed by the Canadian Forces in the metallurgy department from 2128 to 2130. He was then employed by the Canadian Forces in the metallurgy department from 2130 to 2132. He was then employed by the Canadian Forces in the metallurgy department from 2132 to 2134. He was then employed by the Canadian Forces in the metallurgy department from 2134 to 2136. He was then employed by the Canadian Forces in the metallurgy department from 2136 to 2138. He was then employed by the Canadian Forces in the metallurgy department from 2138 to 2140. He was then employed by the Canadian Forces in the metallurgy department from 2140 to 2142. He was then employed by the Canadian Forces in the metallurgy department from 2142 to 2144. He was then employed by the Canadian Forces in the metallurgy department from 2144 to 2146. He was then employed by the Canadian Forces in the metallurgy department from 2146 to 2148. He was then employed by the Canadian Forces in the metallurgy department from 2148 to 2150. He was then employed by the Canadian Forces in the metallurgy department from 2150 to 2152. He was then employed by the Canadian Forces in the metallurgy department from 2152 to 2154. He was then employed by the Canadian Forces in the metallurgy department from 2154 to 2156. He was then employed by the Canadian Forces in the metallurgy department from 2156 to 2158. He was then employed by the Canadian Forces in the metallurgy department from 2158 to 2160. He was then employed by the Canadian Forces in the metallurgy department from 2160 to 2162. He was then employed by the Canadian Forces in the metallurgy department from 2162 to 2164. He was then employed by the Canadian Forces in the metallurgy department from 2164 to 2166. eaten... One of these people says he still has a very vivid recollection of the time he ate a whole pumpkin pie (large size, six man-size cuts to the pie) and an extra slice or two just to see if he could really sicken himself of pumpkin pies. He says the experiment was a complete flop... And he succeeded in doing was sharpening up his appetite for another pumpkin pie feast when the season rolls around. Some pumpkin pie eater, that lad!

Pumpkins have, of course, other uses besides making excellent pie fillings with which to feed one's face . . . They are sometimes used as a vegetable (like turnips, etc.) but one of their principal uses at this time of the year (besides pie-making) is for making eerie, grinning Halloween faces. Pumpkin pie gourmelins consider this a shameful misuse of pumpkins. Some pumpkin heads! . . . The ones that are carved out of pumpkins

It doesn't pay to buy the old Halloween pumpkin too early unless you know how to keep it in proper storage until the day of the big cut-up . . . Improper storage can quickly produce some punk pumpkins.

"Peter, Peter, Pumpkin-eater had a wife and couldn't keep her. He put her in a pumpkin shell and there he kept her very well!"

Any more of this and some one may take it in their head to toss a pumpkin pie in this direction and that would be an disconcerting end for such a delicious tidbit.

Cancer is a disease which medical authorities believe may be conquered by the relentless research and co-operative endeavour of all those who are its potential victims — the whole human race. It is encouraging to note that many Lindsay and district people working in conjunction with the Victoria County unit of the Canadian Cancer Society, are helping make possible continuing research while at the

Thinking about pumpkins has a tendency to make some people as hungry as all-gel-out. Just the thought of a choice pumpkin immediately sets in motion a whole lot of other thoughts. They go

same time providing aid and comfort to those already stricken. The Catholic Women's League of Lindsay is playing an important role in this work and the local cancer unit is anxious to have it on record that the CWL has "given us a tremendous number of hours" in the war on cancer. Credit where credit is due is a good policy to pursue. . . .

## Women of the Moose Held Successful Rummage Sale

The Rummage Sale of the Women of the Moose at the Moose Hall, Lindsay, recently was very successful in spite of the wet weather, and ladies concerned were very pleased with the result.

Helping were Mrs. Dena Hope, Mrs. E. Lewis, Mrs. W. Townsend, Mrs. V. Ruffin and Mrs. F. Croceni.

The proceeds are for their general funds and they wish to thank all who helped to the success of the effort.

A Fall Tea will be held in the Moose Hall in November.

## Rummage Sale Inside

Although the weather was poor, the Rummage Sale held at the Legion Hall, Lindsay, recently by the Lady Hughes Chapter I.O.D.E. was very successful. Conveners were Mrs. R. M. Harris and Mrs. Gordon Graham. The proceeds are for their Educational projects, scholarships, etc. They also help support two country schools with books and special equipment.

The National I.O.D.E. have recently opened a Recreation Centre for the Eskimos to P. Fisher Hall. The ladies wish to express their gratitude to all who came and supported their sale.

## Yelverton

News for week ending Oct. 24 (This week-end)

Mr. and Mrs. Frank Gishner enjoyed a long weekend recently with friends in Hamilton.

Mr. and Mrs. Gishner have accepted employment with a bank in Bowmanville.

Thanksgiving services were particularly well attended on Sunday at Yelverton White Church with Mr. Somerville, Minister.

Mr. and Mrs. Roy Werry, Debbie and Trudy of Hall, Que. were callers this week-end at Maltonia.

Saturday dinner guests of Mr. and Mrs. W. H. Sisson were Mr. and Mrs. A. Butler, Lloyd, Dale, Terry, Carl, Diane, Soya, Robin and Harvey, of Woodstock.

Among the well wishers participating in the 89th birthday celebrations of our venerable Hughie McGill on Sunday were—Mr. and Mrs. Rodney Jones, David, Ricky and Beverly, of Toronto, Mr. and Mrs. Roy McGill and Arnold of Bowmanville, Mr. and Mrs. Cliff Snyder, of Fleming.

Mrs. Harold Fleming, Don and Lois of Hillhead were Sunday guests of Mr. and Mrs. George Heaslip.

Sorry to report little Adele Page is back in Peterboro Hospital. All Yelverton joins in wishing a speedy recuperation.

Deepest sympathy is extended to Mr. Alex. Wilson, sons John and Brian in the death of a loving wife and mother.

Sympathy also extended to Mrs. Harvey Davidson, the Ross Davidsons and girls in the sudden passing of husband and father, Harvey Davidson, a successful farmer of Janetville.

Mr. and Mrs. J. Malcolm Mr. and Mrs. Jerry Bristow and Cathy, enjoyed a weekend recently with the Jim Phillips of Detroit.

The Campbell Humphries of Catford, were scheduled to be guests of the Roy Robinsons.

The Art Rowans combined business with pleasure this week to deliver notes to Melbourn, Ont. and visit with Brush family of Essex, Ont., calling on Roy, Mrs. and Mrs. Rowan, and the young people of Brook and the topped it off with a day at the playing field this weekend.

Others enjoying a day at the match were the Norman and Jack Wilsons, the Floyd Sisson, the Howards, and Mary and Malcolm.

On Saturday evening Mr. and Mrs. Clarence Page, Mr. and Mrs. Floyd Sisson attended the 25th wedding anniversary celebration of Mr. and Mrs. Keith Thordyck of Carleton Place.

Motorists Prayer On Lord above, please grant to us these requests I wish the most, give my car near and far, and from coast to coast.

Temp't me not to pass others when I know I have to pass them, for sometimes I'll drive, take away all temptation, so that others may stay alive.

I ask of thee, O Lord, for sometimes I am to blame. If I want courtesy from others then they should expect the same.

And please, O Lord, impress on me, imbed it in my soul, the rules and laws that have been made, to try and save mankind.

And so help I'm going to get, some one that will guide me, I bow my head and say a prayer, For that someone is Thee—J.A.S.

## NO, NO BIKINIS

Toronto—(C.P.)—Stron to models refused to show the fashion today and said they will not model Bikini bathing suits because they are too daring.

## 16th Annual Rally held by W.A.

"Our Christian Concern" was the theme for the seasonal held morning and afternoon in the Church, Cannington, Group two of the Presbyterian Women's Association, met for their 16th Annual Rally.

Registration began at 10 a.m. with Mrs. N. McPhaden presiding at the organ who sang, "This Home is a Prayer for the opening session."

Mr. M. Carter, President was in charge and brought the call to worship.

Mrs. Alton O'Carthy led the singing of "Loves of Carlington" gave the address of welcome and Mrs. Page of Uxbridge, Mrs. Clare Widdiey of Warrington sang a pleasing solo and Mrs. S. O'Carthy gave an impressive reading.

Greetings were brought to the large gathering by Mrs. Mack, Mrs. Strong and Mrs. Pres. Mrs. McKelvey Vice-Pres., by Mrs. Carman Bell, President of Peterboro Presbytery.

Mrs. Jarvis of Lindsay, Mrs. A. Nicholls, Little Britain, Mrs. Stanley Murray, Woodville, Past Presbytery, Mrs. Fielding, Secretary of Lindsay Presbytery.

The service conducted the business meeting and Mrs. T. Grills of Cannington, Sect. of group two read the minutes and the report for the year.

Appreciation was expressed by the president for the satisfactory reports given by the ladies.

Mrs. Jacobs of Little Britain, Past President of the Presbytery, conducted a prayer service and a lively discussion followed.

The morning session concluded with the singing of the theme song.

Dinner was served by the Cannington W. A. members at which time Rev. C. R. Wragg minister of the church, spoke of the new organization and also expressed encouragement as well as appreciation for the work done by the Women's Association.

Sweet Hour of Prayer was rendered on the organ by Mrs. McPhaden opened the devotional period for the afternoon meeting. Mrs. Barnes of Wilfrid read the scripture lesson with Mrs. J. Stoddard of Woodville giving an impressive commentary. Mrs. Reed of Georgetown gave a message on the theme "Our Christian Concern," and Mrs. M. Lambert of Brechin closed devotions with prayer.

The members from Athlery took up the offering and gave the dedication prayer.

Mrs. Murray introduced the speaker, Mrs. C. Bell, who is serving her second year. S. President of Peterboro Presbytery, and who also served six years as treasurer of the Boy of Quinte Conference.

Mrs. Bell spoke on the new organization which is to come into being in 1962. She spoke on the theme "Our Christian Concern."

Mrs. C. R. Wragg in her words of appreciation for the work of the women said "We have been given inspiration in a message that will remain with us long after today."

The secretary then called the roll which showed a good attendance from the locals of the district.

The president in her remarks said "The main purpose of a group rally is that we may become better acquainted also more informed of the achievements and problems of the locals in our district, which is composed of twenty associations."

Mrs. Scott Brandon of Cannington, chairman of Christian Education for Bay of Quinte Conference W. A. presided at a dinner, Mr. and Mrs. Theodor Parment conducted a discussion on Christian education. They urged each association to appoint a sect. on Christian

## Education and to assist the minister where needed to organize an Education Committee in their church.

Mrs. Strong then explained should procure teachers for Sunday School and leaders for Christian training who will put Christian content into the lessons taught and into group work where every leadership is given.

Mrs. Dack installed the officers for the following term: Pres., Doolittle of Athlery, Mrs. Strong of Lindsay, Mrs. Peffer, vice-pres., and Mrs. Spiran of Athlery. Sect.

Mrs. Dack installed the officers for the 1960 rally by Athlery and accepted by the meeting.

A member from Derry, Wm. Van Camp, gave the report of the Courtesy Committee.

Mrs. Carter retiring Pres. all the members of the cooperation and willing service given during her term of office and wished for Mrs. Doolittle and her officers a rewarding term.

## Wedding

### Morton - Ferguson

Blackstock (PNS) — Ferns and candelabras as well as pink rose buds and white ribbons decorated the setting for a lovely candlelight wedding in Blackstock United Church, Friday evening at 7:30 p.m.

Rev. Merrill Ferguson, Minister, officiated, assisted by Rev. P. Romeril performed the double ring ceremony uniting in marriage Sandra Arlene, youngest daughter of Mr. Roy Ferguson and Mrs. Mary Margaret Morton, Ottawa.

Mrs. Mary Margaret Ferguson, daughter of the bride played the wedding music.

Given in marriage by her father, the bride was lovely in a traditional four-length gown of chastity lace and nylon tulle with sequins and seed fluff cascade ruffles complemented the picturesque background.

Her waist length veil of nylon tulle, trimmed with the valley edging was caught to a correct crown designed in rhinestones and she carried a cascade of pink carnations and white mums.

Miss Gloria Sadler was bridesmaid and her dress was navy blue with a white sash trimmed with pearls and she carried a cascade of pink carnations and white mums.

Mr. Harvey Satter, Gravesham, was the groom's best man. The ushers were Bill Ferguson, brother of the bride and Donald Smith, Ottawa.

For the reception held in the Sunday School room, Mrs. Lloyd Wright eldest sister of the bride chose a sheath dress of black and white with a corsage and a pink carnation corsage. The groom's mother wore a sheath dress of emerald satin in Carriveau blue with black accessories and a corsage of pink carnations.

For travelling the bride wore a Sable tulle jacket with a fine cashmere and gray fur topper with orange and brown accessories and a corsage of white gardenias.

On their return they will take up residence at 734 Glenford St. Ottawa.

Guests were present from Toronto, Gravesham, Peterborough, Ottawa, Omeene, Stratford and Bradford.

The engineering Department of General Motors where the bride is employed, presented her with an electric floor lamp.

Miss Catherine Bailey, Peterborough and Mr. Bailey, Montreal, visited their mother, Mrs. Bailey.

Saturday evening in honour of the bride, Mr. Harold McLaughlin's tenth wedding anniversary, Mr. and Mrs. Roy McLaughlin, entertained at Wm. McLaughlin, Columbus and Mrs. Harold Wright.

## Hallowe'en . . . a time for spooks and goblins, fun and excitement for youngsters and for safety

### Blackstock

#### (News for week ending Oct 24)

Kerry to report Mrs. Fred Hallowe'en is Post Perry House.

## TOMMY'S DOLLAR

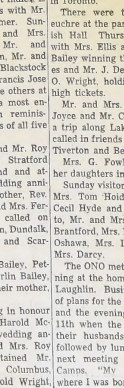

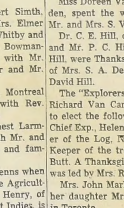

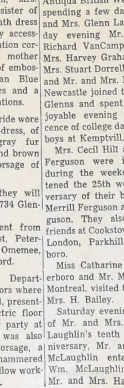

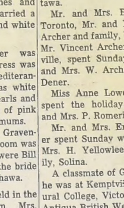

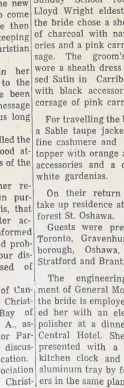

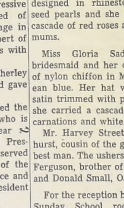

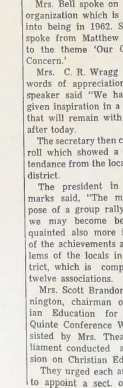

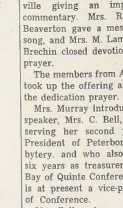

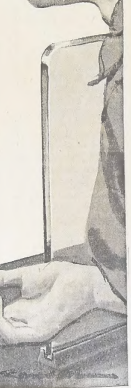

Tommy is saving up for a bike. Dollar by dollar, week by week, his bank account is growing—bringing the Big Day nearer.

But meanwhile, Tommy's dollars are serving a second useful purpose.

Bank credit is based on the dollars Canadians keep in 11 million deposit accounts in the chartered banks—and Tommy's account is one of them. Bank loans are constantly being made to meet the needs of business and personal borrowers in all parts of Canada.

So every time you make a deposit you are—like Tommy—building toward something worth while for yourself, and at the same time keeping your dollars at work for the benefit of all.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

## Result's of Blackstock H. S. Field Day

Blackstock (PSB) — The Field Day for the Blackstock High School was successfully staged here with students entering into the spirit of the day by participating in a variety of sports. Each year, group, Junior Girls, Intermediate Girls, Senior Girls, Junior Boys, Intermediate Boys, and Senior Boys, participated in ten events, with standing as follows:

Junior Girls' Champions — Laurel Mackie 33 pts, Sylvia Lawrence 27, Bonnie Seidel 14.

Intermediate Girls' Champions — Diane Wheeler 29 pts.

Out-of-condition Durrelle slugs way to 9th round win

Moncton (GIF) — Canada's Fighting Fisherman Youth Durrelle slugged a ninth round victory over the Boston Bruins in a scheduled 16-round bout last night.

Durrelle knocked the Boston Bruins down three times in the ninth and the fight was stopped.

Just prior on the canvas four minutes and 15 seconds to the ninth round.

Durrelle knocked him down twice in the seventh and twice in the fifth.

Durrelle, who weighed in at 175½ pounds, was leading on points when the fight was called.

## Motor racing circuit being developed in Durham County

With the successful passage of a large tract of land, situated within 50 miles of Toronto, the company of "Mosport" Limited have officially released the first news of a gigantic venture of which they have now completed the first phase, with the help of hundreds of local motor sports enthusiasts and their Clubs in Ontario.

The Development Committee of the British Empire Motor Club, the oldest and largest of the sports car clubs in Canada, faced with the fact that the Club's present racing facilities at Harewood, require many thousands of dollars spent to maintain the circuit and continue to develop, felt that an entirely new 50 mile drive to enjoy its facilities, felt that an entirely new

**Anniversary services at Pleasant Point**  
 Fingerboard (PNS)—Anniversary services were held at Pleasant Point Church on Sun-

day with a good attendance, both morning and evening. Rev. H. Cobb of Toronto was special speaker and gave two splendid sermons. The choir under supervision

of Mrs. Owen Sweetman and Mrs. Gordon Gibson J., rendered a hymn in the evening. Friends attended from Zion, Seagrave, Blackwater, Port Perry, Whitby and local points.

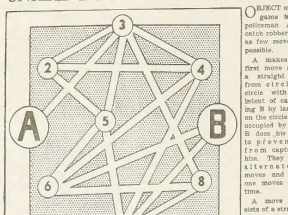

Construction of super highway is an investment in safety as well as progress says Ontario Safety League. An interesting, if unreliable, comment on highway conditions in the last century comes in this ex-

tract from the 1840 diary of Uncovering it, he found a man in American, George Temple, beneath who had a horse under Jersey Turnpike, so muddy that they were making good progress considering a hat lying in the roadway.

**Will plan donation for care**  
 Play-Zion (PNS) The meeting was held at the home of Mrs. Joe Demore with a good attendance. The response to roll call was very interesting, each member stating a blessing for which they were thank-

## URGENT APPEAL FOR RENTAL HOMES ISSUED BY LINDSAY COUNCILLOR

An urgent appeal was issued last week for any type of rental home available in this area.

Gordon Pepper, who shortly will take over as personal manager at the Schultz Die Casting Company plant, issued the appeal. He said that acute shortage of accommodation was making it extremely difficult for families moving here from Wallaceton to relocate.

"Several of the firm's employees coming to Lindsay purchased homes but there is still a problem with regard to those who wish to secure rental accommodation," said Mr. Pepper.

Mr. Pepper asked that anyone who may be able to assist in this matter contact him or the local office of the Chamber of Commerce.

At the last meeting of the board of Health, a resolution was adopted to the effect that trailers would be allowed to park on the property belonging to the Schultz Die Casting Co. for a period not to exceed six months. The proviso that the trailers must be clean and in good condition and that they are available on a 24-hour-a-day basis was added.

### Farmer's Market

There may have been some items at the Lindsay Farmer's Market on Saturday. Prices of time and other home products were:

Eggs—A, Large 55¢ A Medium 50¢ Small 35¢

## People disagree about alcohol

People disagree about alcohol. Everybody knows that alcohol is a serious social and personal problem. We need to discuss it—sensibly and freely. And needs a chance to do that. Then take advantage of a chance to do so on Sunday evening, November 1st.

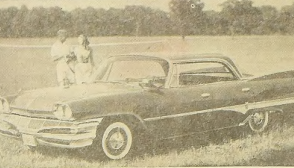

St. Andrew's Presbyterian Church will be host to an Inter-denominational Teen Age Rally on Sunday night, November 1st, at 8 p.m. Dr. Stewart, psychiatrist with the Alcohol Research Foundation of Ontario, will speak during the evening session.

Following, there will be a teenage rally in the Sunday School Room when young people will be given a first hand opportunity to think together about the problem of alcohol in our society. A first rate program is being planned by representative young people, and members of the Lindsay Ministerial Association. Participants will see a fine film "None for the Road."

In a unique panel, teenagers will participate with Dr. D. Stewart, Mr. Allan Blewett of the Children's Aid Society and Mr. C. W. Service, surgeon-psychiatrist with the Alcohol Research Foundation of Ontario, for questions in an attempt to 'lay down' a perplexing social problem.

Cokes and doughnuts will be served.

## DODGE DART IS FRESH, NEW APPROACH TO MOTORING

New from bumper to bumper—from tires to tail—this new Dodge Dart series for 1960 brings many new ideas to the motoring public. Specifically designed for economical operation, the three

liter of Dart models can be obtained with either the completely new six-cylinder or the proven V-8 Chrysler of Canada engines. Pictured is the Dodge Dart four-door hardtop.

### Collarbone broken

Mrs. Dugan, of Bockageon, was rushed to the office of Dr. W. D. Thomas shortly after noon Saturday following a two-car accident one mile south of the village on Highway 36.

Mrs. Dugan, a passenger in a car being operated by Mr. O. Thurston of Bockageon, sustained a broken collarbone. Driver of the other vehicle involved was—Mr. W. R. Handley of R.R. 2, Burnt River. OPP of the Lindsay Detachment investigated the accident.

### Accident Near Reabour

Some 30 minutes prior to this accident, Constable Cole of the local detachment investigated a two-car collision just west of Reabour.

Operators of the vehicles were W. Deyell, Reabour, and W. Lee, Cameron.

### Develops Mechanical Trouble

A vehicle being operated by Ralph Fields of Lindsay developed mechanical trouble south of Lindsay late Saturday evening and left the Highway. The mishap was investigated by OPP Gerald Langton.

## They didn't mix Drinking and driving outing spoils \$100

A former Downeyville man, Douglas Fisher, CCF member, was ordered to pay a fine of \$88.50 after being found guilty of impaired driving by Magistrate E. L. Moore on Monday night at court here last week.

James C. Lucas, 351 Ashley Street, Peterborough, pleaded guilty to the charge.

Lindsay Police Constable William Bous testified he was on patrol on Kent Street at 10:30 p.m. after midnight when he heard a loud crash. Upon investigation the officers discovered two vehicles had been in collision. Lucas was unsteady on his feet and he smelled strongly of alcohol, said the officer.

Damage to the accused's vehicle was estimated at \$300. Lucas entered plea of guilty. His lawyer, Mr. J. J. Scholer, involved was estimated at \$60.

The accused told the court he was proceeding at an estimated 25 m.p.h. when he collided in front of him stopped suddenly.

On an additional charge of having liquor in his car while on his residence the accused was ordered to pay \$15 plus costs.

Lucas entered plea of guilty to both charges.

## "Too many phonies" quitting politics

Toronto, Oct. 25.—(UPI)—Douglas Fisher, CCF member for Part Arthur, who earned himself the nickname "Giant Killer" when he defeated Liberal Cabinet Minister C. D. Howe in the 1957 general election, says he is quitting politics.

Fisher, 40-year-old Lakehead schoolteacher, made the announcement in an address to former classmates of Victoria College at the 10th re-union in Toronto last night.

He said there were too many "phonies" in Canadian politics and blasted the constitution, education, royal tours, money and party funds. His speech was called "What Is Phony?"

Fisher was defeated at the CCF Provincial Convention in Hamilton earlier this month in a bid for presidency of the group. But he said his decision was not based on his rift with the CCF over the creation of a new party. He had criticized CCF tactics in creating a new Labor-backed party to replace the CCF.

"I had made up my mind to give up politics long before the Hamilton meeting," he said.

## NOTICED... along the way

You never miss your hat until you find out you haven't got it.

Keeping track of a hat is something of a chore for many members of the male sex. They usually are not aware of it until it is doing, even if it's just wool-gathering, that they very much need it.

One's office or a restaurant and then promptly forgot all about it. Usually the lapse of memory doesn't last too long, but

especially if the individual is balding and it's showing out, and a few days' delay in getting it, the hairless one sheepishly backtracks in order to get it.

These men are usually very sensitive about such incidents and their one great hope is that no one has noticed they tend to be slightly embarrassed where hats are concerned.

A hat can often be a dead giveaway. This is especially true of the gentleman who is normally very correct in the way his headpiece is worn.

It is the type of individual who, on striding a fraction or two more simultaneously shaves, drinks his morning coffee, sets the early affairs of the household, gras his briefcase and sets off for the office with great haste. He

## Washroom locked, lad enrages takes to arrest him

A Bockageon youth who pleaded guilty to a charge of causing a disturbance in the village of Lindsay afternoon, was fined a total of \$43.50 on Monday.

Police Chief L. James told the court he took the accused into custody after warning him about using obscene language. The officer testified the accused started swearing when he found the washroom door in the rest room closed.

James Taggart, one of the three youths accompanying the accused—Raymond Fitzgerald—told the court the boy had made their way to the washroom from across the other side of the village. "Fitzgerald got mad when he found the door to the premises locked."

The witness testified, when the officer approached Fitzgerald to speak to him shortly after the washroom he refused to speak to the officer. "It took four people to put Fitzgerald into the cruiser," said the witness.

Crown Attorney L. W. Jordan said he understood the accused was a member of a gang. "He adopted a very insulating attitude to the officer."

The accused who entered a plea of guilty was given a fine of \$43.50 on Monday.

Need Cash? Sell with a

Plum were made for another dinner last night. Singing another hymn and repeating the Mirzab bicultural in union brought the meeting to a close.

Fruit bread and a cup of tea Hall and Mrs. Pogue assisting the hostess.

A vote of thanks was tendered Mr. Stephens and his committee. The November meeting will be at the home of Mrs. Geo. Langdon.

## The people write

All letters addressed to this column must be signed by the writer. Whether or not the writer's name appears in the newspaper shall be determined in the light of circumstances, subject matter, etc., bearing in mind the writer's expressed wishes. The Post assumes no responsibility for the content thereof, the opinions expressed being those of the writer only.

## The responsibility is council's

No government on any level can escape being held responsible for the public actions and policy of their appointed boards and commissions. Furthermore, thus elected body must always be the final court of appeal when there arises any dispute from the taxpayers. So who is Mr. Ellam who orders a taxpayer about who was before he came and will be here after he is gone?

It is the citizens as a whole who are building Lindsay and not Mr. Ellam, who aspires to not only supervise further building but make ever existing order. What law or the statute books is he working under, or any other law that is not on the statute books? For even bylaws cannot violate established law.

If necessary, the whole Town Council will be on the spot at election time to choose between an elected and a non-elected planning board.

Mr. Sharp has no rights as a taxpayer in Lindsay and any attack on those rights by any fabled board, is an attack on every taxpayer and it will be a sorry day for any elected council which allows such an attack, or brings a court action to make taxpayers subservient to dictators.

It is a pity that such a controversy got started but ralepayers can chip in when it comes to that. — court Mr. J. J. Scholer
